FINDINGS OF FACT

After thorough consideration of the statements contained in the application, the report of the Staff Investigator thereon, and the statements made at the public hearing before the Zoning Administrator on **June 11, 2019**, all of which are by reference made a part hereof, as well as knowledge of the property and the surrounding district, I find that there has been substantial compliance with the imposed conditions based upon the provisions of Section 12.27.1 of the Municipal Code as established by the following facts:

NUISANCE ABATEMENT AUTHORITY - SECTION 12.27.1 OF THE LOS ANGELES MUNICIPAL CODE

The Zoning Administrator, on behalf of the Director of Planning, has the authority to investigate and initiate corrective actions against any use which constitutes a public nuisance, adversely affects the safety of persons residing or working in the surrounding area, and does so on a repeated basis, pursuant to the provisions of Section 12.27.1 of the Los Angeles Municipal Code, established under Ordinance No. 171,740 on October 27, 1997. This Ordinance amended earlier nuisance abatement authority established May 25, 1989 under Ordinance No. 164,749.

The Director of Planning, through the Office of Zoning Administration, has the authority to modify or discontinue the use, or to impose corrective conditions on the operation of an existing use under Section 12.27.1 (land use impacts caused by any use) of the Los Angeles Municipal Code.

It has been the City's practice and policy to impose corrective conditions when a property is initially determined to be a nuisance location and to give any owner/operator an opportunity to correct the problems before any possible revocation.

Prior to an action by the Zoning Administrator requiring that a use be discontinued, it must be found that prior governmental efforts to eliminate the problems associated with the use

have failed and the owner or lessee has failed to demonstrate to the satisfaction of the Zoning Administrator a willingness and ability to eliminate the problems associated with the use.

Section 12.27.1 authorizes the Director of Planning to eliminate conditions imposed by a previous administrative nuisance abatement decision if there has been substantial changes in the nature and operation of the land use, or if there has been a change in circumstances such that the continued enforcement of the previously imposed conditions is no longer reasonable or necessary. The subject property is a residential hotel/motel, the provisions of Section 12.27.1-D, shall apply.

BACKGROUND

On February 20, 2003, the Zoning Administrator issued a determination which required modification of the hotel's operation by the imposition of 32 corrective conditions. The hotel operator filed an appeal of the entire Zoning Administrator's determination. On May 6, 2003, the Planning and Land Use Committee of the City Council held a public hearing on the appeal and after listening to testimony from all involved parties, recommended that the City Council deny the business operator's appeal and sustain the determination of the Zoning Administrator. On May 14, 2003, the City Council denied the appeal and imposed corrective conditions on the operation of the hotel. Condition No. 1 of the City Council's action required that the business operator file a Plan Approval application, including fees, between 60 and 75 days from the effective date of the determination to review the effectiveness of the corrective conditions and to determine whether the public nuisance problems have been reduced or eliminated.

The Plan Approval, Case No. DIR 2002-3323-RV-PA1, was timely filed. On September 14, 2004, the Zoning Administrator's issued its determination of the Review of Conditions concluding that the operation of "the business known as the Stuart Hotel has generally improved its operations but continued to be a nuisance because the owner/operator had only partially complied with the corrective conditions previously established by the City Council on May 14, 2003," and for the purpose of continued abatement of nuisance shall be subject to another review for compliance with conditions.

Condition No. 1 of Case No. DIR-2002-3323-RV-PA1, which became effective September 29, 2004, states:

1. [Modified by this action] No later than 90 days from the effective date of this action, the business operator shall file a Plan Approval application at the Planning Department Public Counter, together with a filing fee pursuant to Section 19.01.1-I of the Los Angeles Municipal Code and a mailing list of property owners and occupants within a 500 foot radius. A public hearing with notification to said owners and occupants shall be conducted to determine the effectiveness of compliance with the Conditions herein, following receipt of a Staff investigator's report. The Zoning Administrator, may modify the conditions to make them more restrictive so as to protect the neighborhood and to mitigate impacts of the use or may modify the conditions to make them less restrictive if deemed no longer needed to mitigate the impacts of the use. Failure to comply with these conditions and to file the Plan

Approval application for review of compliance with said conditions may result in revocation of the hotel use.

The required Plan Approval was due to be filed with the Department of City Planning by December 30, 2004. The filling did not occur in a timely manner and therefore, Condition No. 1 was not met. On August 17, 2018, the subject application was filed and it is the second review for condition compliance.

The Westlake Community Plan map designates the property for Community Commercial use, with corresponding zones of C4, C2, C1, CR, P and PB and Height District No. 2. The property is not currently within the area of any specific plans, interim control ordinances, or CPIO's. The site is also located within the Transit Priority Area (ZI-2452) and State Enterprise Zone (ZI-2374), and Residential Hotel Unit Conversion Demolition Ordinance (ZI-2353). The subject site is in the Los Angeles Police Department's Central Bureau Rampart Station and is in reporting District No. 269.

The subject property is a level, rectangular-shaped, corner, R4-2 zoned, record lot consisting of approximately .17 acres, having a frontage of 127 feet on the east side of Union Avenue and a frontage of 60 feet on the north side of Cambria Street. Abutting the north side of the property is a 16-foot-wide alley which is gated.

The property is improved with a four-story, 66-room hotel. A Certificate of Occupancy was issued on April 9, 1923 for existing use. The project does not include on-site automobile parking. The hotel exterior appears to have been recently painted. In general, the hotel's interior and exterior appearance seems to have improved since the last hearing. The property owner is in the process of making tenant improvements to the entire property.

A letter from Detective Dana Harris dated June 8, 2019, stating in part:

"As a part of my investigation, I conducted an administrative inquiry for 718 S. Union, utilizing LAPD administrative means. I found that over a two year period, there were over 150 separate incidents in which the police were called for service. That is a staggering number. These calls for service included, Domestic Violence, Assault with a Deadly Weapon, Burglary, Brandishing of a Weapon, Child Neglect (on two separate occasions), Sexual Assault (twice) and multiple arrests for crimes against person.

This is far from what is expected at any motel in the City of Los Angeles. We expect our motel owners to maintain a respectable establishment. One in which patrons visiting from out of town are able to visit in an environment in which they are not exposed to crime nor violence.

I can see that there has been a change in management at this establishment. Upon my inspection, the rooms appeared clean as did the hallway. I did have conflicting reports from residents. One resident, who lives at the motel stated that in the past, the motel was dangerous, but with the current management, there is a distinct change in the patrons who live at the motel and the overall environment for the better.

However, when I met a family that was moving out for the day, they were none too happy with what they had been exposed (smell) and regarding narcotics use by patrons.

This is an establishment that caters via the internet to out of state guests at a lowered cost. For many this is their first foray into Los Angeles. The over 175 incidents and crimes that correspond with that number is too many.

It is my recommendation that this motel have full time security at the establishment to assist in regulating patrons who do not follow the expressed direction of the motel management that does not force the manager to leave his/her post to deal with troubles outside or in the motel."

The complete letter is located in the case file.

The Zoning Administrator, may modify the conditions to make them more restrictive so as to protect the neighborhood and to mitigate impacts of the use or may modify the conditions to make them less restrictive if deemed no longer needed to mitigate the impacts of the use. The guards shall cooperate with all law enforcement personnel during any investigations or inspections at the premises. A patrol log shall be maintained by the guards

indicating the dates and times of security checks and shall be produced when requested by the Police Department.

Status: Non-compliance. The condition states, "A minimum of one State-licensed security guard shall be on duty at all times." No security guard was on duty at the time of field investigation, which occurred on April 24, 2019 at 11:30 a.m. The desk clerk informed Planning staff that security personnel patrol the establishment three times per day. The representative stated that the applicant contracts with Calloway Private Security Service Inc. (see Condition Nos. 15 and 16), and has done so since April 5, 2004. The private security service is on call at all times, day and night, throughout the year. In addition, the security service inspects the property three times per night: in the evening; at approximately midnight; and in the early morning. **The applicant requests this condition be modified to reflect the arrangement which has been in place for 15 years.**

Status: Not in compliance. The Nuisance Abatement Proceedings fees pursuant to LAMC Section 12.27.1 are currently listed under LAMC Section 19.01-N. These are standard fees when a use is deemed a public nuisance, and conditions of operation are imposed on said use. Said conditions were imposed due to the fact that after numerous notifications to file a "Plan Approval" application, none was filed and a "Plan Approval" hearing was initiated by The City. There is no relief mechanism for discount of fees. **The applicant requests that this condition be modified to require the payment of a single filing fee, for the instant application.**

“No trespassing, no loitering, no drugs, no drug dealers, no prostitution, no weapons, no drinking of alcoholic beverages. The Los Angeles Police Department makes regular and frequent patrols of this property.”

Status: In compliance. Planning staff observed signs posted in conspicuous places on the building exterior which contain similar language but not verbatim. There is one sign which states, "NO TRESPASSING". Another sign states, "NO LOITERING, DRINKING OR GAMBLING ON PREMISES". A sign containing the complete language required by this condition is posted in Spanish in the lobby of the hotel adjacent to the elevator.

15. The business operator shall evict all occupants engaging in narcotics, prostitution, or other illegal activities. The business operator shall not rent to prospective occupants previously arrested for narcotics, prostitution, or other illegal activities when notified of such arrests by a police officer or City Attorney when such arrests become otherwise personally known to the business operator.

Status: In compliance. The desk clerk informed Planning staff that they evict and refund the money to those individuals partaking in any illegal activities on the hotel premises. The document submitted to Planning on August 8, 2019, Exhibits 6 and 7, are photographs of the signs informing visitors and residents of the hotel's rules are posted throughout the building. The applicant has contracted with private security services, and has explicitly authorized the security to remove, arrest or advise any person present on the property without lawful business.

Neither the business operator nor any manager shall allow access onto the property by persons known to them to be prostitutes, pimps, prostitution customers, parolees with prior narcotic or prostitution offenses, narcotics users, narcotics possessors, narcotics sellers or manufacturers of illegal controlled substances.

Status: In compliance. The desk clerk stated that he calls security if any illegal activity is occurring.

17. The business operator and managers shall inform the Police Department immediately if any person on the property is engaging in narcotics activity, or if narcotics paraphernalia is observed on the property. All trespassers and loiterers

on the property shall be immediately reported to the Police Department or the security guard employed by the property owner.

Status: In compliance. The desk clerk stated that LAPD is contacted if any of the above is occurring. The Calls for Service confirm that there were 13 calls to LAPD from the hotel manager or employees.

18. The following signs in English and in Spanish in letters at least two inches in height shall be posted at the check-in/registration counter stating:

“Rooms only available for full posted daily and weekly rental rates”, and

Status: In compliance. The said sign, with the language required is posted near the elevator in the lobby area.

19. Guests shall be required to pay the full posted daily or weekly rental rate. Weekday, weekend, and weekly rates shall be posted at the check-in/registration counter and in each guest room. The customary full daily or weekly rate shall be collected for each and every rental. No room shall be rented more than one time during each 12-hour period.

Status: In compliance. The desk clerk stated that guests pay the full rates and there are no hourly rates. Planning staff located the hotel for rates on an on-line booking website. The rate quoted for a five night stay from May 31, 2019-June 5, 2019, is \$516.00.

20. No individual may rent more than one room at a time nor on behalf of another person.

Status: In compliance. The desk clerk informed Planning staff that no person can rent a room on behalf of another.

Status: The applicant states that the front access doors of the hotel are open 24 hours per day, 365 days per year. In addition, hotel staff is always present in the office and/or the lobby of the premises.

23. The business operator shall establish uniform motel registration procedures including the following: all persons renting a room shall produce a valid drivers license or other valid identification. The register shall include the identification card number and expiration date. A photocopy of each identification card shall be retained. The business operator and all managers shall cooperate with the Police Department when requested to produce registration records. Pursuant to Los Angeles Municipal Code Section 41.49, the register shall include the name and address of each guest and the name and address of each member of that party; and if the guest or party arrives by motor vehicle, the register shall specify the make, type and license number of the vehicle and the year of registration. Guests shall list all reported vehicles.

Status: In compliance. During site investigation, Planning staff observed that registration procedures require that a person's identification or passport information be scanned into the computer and such information is saved on the computer system and on-line. The clerk informed Planning staff that it is available to LAPD upon request. **The applicant requests this condition be modified to reflect current technology.**

24. The business operator shall post in each guest room a copy of the hotel rules in English and in Spanish which specify, at a minimum:

 - 4) Occupant uses or permits the room to be used for any illegal purpose.

Status: In compliance. The photographic evidence document submitted to Planning on August 8, 2019, Exhibit 8, depicts the posted rules in English and Spanish, and that no illegal activities are permitted.

25. Firearms are not allowed on the property.

Status: In compliance. The desk clerk informed Planning staff that they would not rent to persons carrying firearms. The Planning staff report stated non-compliance in error.

26. The business operator shall maintain locks and keys for each guest room. All keys shall be stamped "Do not duplicate." The manager shall have duplicate keys available at all times for emergency and law enforcement personnel. A key deposit system shall be maintained to prevent keys from being circulated or duplicated.

Status: The desk clerk informed Planning staff that the rooms use an electronic key card entry. He further stated that the electronic entry expires at 11:00 a.m. daily. Hotel room key technology has changed significantly since 2004. All room keys are electronic and have the appearance of credit cards. They are usable only for a specific room for which the guest has registered and, upon the termination of the rental period or the departure of the guest, the electronic keys are no longer functional. **The applicant requests this condition be modified to reflect current technology.**

27. Graffiti shall be removed daily from the exterior walls of the building, as well as stairways, halls and the lobby in the same color as the surface to which it was applied. Debris shall also be removed daily from the property.

Status: In compliance. No graffiti was present on the building's interior or exterior at the time of field investigation. Refuse and debris was observed on the street adjacent to the hotel where the trash bins are maintained along Cambria Street. However, the overall appearance of the hotel is relatively clean and neat.

28. All visitors to the property shall sign in at the check-in/registration counter and produce a valid driver's license or other valid identification. The desk clerk shall note the identification card number and expiration date on the register. A photocopy of each identification card shall be retained.

Status: In compliance. As stated in Condition 23, during site investigation, Planning staff observed that registration procedures require that a person's identification or passport information is scanned into the computer, such information is saved online, and hard copy is available to LAPD upon request.

29. The property owner shall comply in a timely manner with all Orders to Comply or similar enforcement requirements of the Department of Building and Safety, the Fire Department, the Housing Department, the County Department of Health, and any other public agency.

Status: Planning staff researched LADBS records and the permits stated above are attached to the case file. LAPD provided calls for service and arrest reports for the period of March 2017-March 2019, and are summarized in the report. A document submitted to planning from HCID on June 11, 2019, stated that all 66

rooms are to be rented for long term. No short term or tourist units are allowed, although it appears that the Hotel operator continues to offer short-term rentals.

30. Wrought iron style fencing 8 feet in height shall be installed at the entrance to the hotel to prevent trespassing and shall be maintained in good condition.

Status: The gate that was installed opened onto the public right-of-way, and was required to be removed by LADBS. In addition, the stairs of the hotel prevented the gate to be opened inward. Therefore, this condition could not be complied with. Moreover, the hotel is open 24 hours per day, 365 days per year, and is constantly staffed in the lobby and/or office.

31. The property owner and the business operator shall enroll in a property management training program approved by the Housing Department. Evidence of attendance shall be submitted to the Zoning Administrator.

Status: In compliance. Exhibit 9, is photographic evidence dated January 11 2010, that the hotel manager completed manager training. A photocopy of a "Room Condition General Manager Certification Test" certificate was submitted to the file.

Status: In compliance. Planning staff asked if condoms or adult content is kept on-site and the desk clerk said no condoms or adult content is provided. Planning staff conducted a channel search and no adult channels were provided by the cable/satellite provider.

33. [Added by this action] Within 30 days of the effective date of this determination, a covenant acknowledging and agreeing to comply with all the terms and conditions established herein shall be recorded in the County Recorder's Office. The agreement (standard master covenant and agreement form CP-6770) shall run with the land and shall be binding on any subsequent owners, heirs or assigns. The agreement with the conditions attached must be submitted to the Zoning Administrator for approval before being recorded. After recordation, a certified copy bearing the Recorder's number and date shall be provided to the Zoning Administrator for attachment to the subject case file.

Status: On June 18, 2014, the Department of City Planning filed, with the Los Angeles County Recorder's Office, a "Notice of Restrictions Imposed on Real Property by a Municipal Entity Recorded Pursuant to Government Code Section 27281.5". This action was taken pursuant to Condition No. 33 of the 2004 determination.

FINDINGS AND DISCUSSION

Modification and Deletion of Conditions

The following modification, deletion, and addition to conditions have been made based upon the current review of administrative records, request received from the applicant/operator, and testimony received at the public hearing:

Condition No. 1 – This condition was modified to reflect that the fee sections of the Los Angeles Municipal Code were changed to LAMC Sections 19.01-E,3 and 19.01-N. Furthermore, the condition was modified to require the applicant to file for a Plan Approval within 18 to 24 months from the effective date of this determination, because the operation is found to be in partial compliance with conditions, and based on LAPD testimony and continued reported crime and nuisances at and surrounding the site. An earlier review may not allow the business operator sufficient time to implement necessary physical or management changes. A later review is also inappropriate as failure to comply may result in continued significant impacts to the community and the City has an interest in correcting significant breaches of public safety.

Condition No. 5 – This condition was modified to require 24-hour on-site security. A letter was submitted to City Planning on June 19, 2019, along with public testimony from Los Angeles Police Department requesting full time security. There is ample evidence in the LAPD reports and 911 calls demonstrating public safety is problematic at this hotel. Between March 5, 2017 and March 19, 2017, for the two-year period a total of 174 – 911 calls to 718 South Union Avenue, ranging from altercations, death investigation, theft, trespassing, noise, landlord/tenant disputes and domestic violence. Full time security would assist with any ongoing nuisances such as trespassing, illegal narcotics sales, fights and disturbances. 24-hour security may curtail said type of activity. Since the hotel employs a guard on call and provides three-security inspection three times per night, between those inspections, site security services defaults to the Los Angeles Police Department.

Condition No. 9 – This condition was modified to reflect current technology, including the prevalence of mobile/smart phones. Public phones can create a nuisance, although most are being phased out citywide because of the advent of cellular/smart phones. Currently, there are no public telephones outside or inside of the hotel. Vending machines are located in the hotel lobby.

Condition No. 11 – This condition was deleted because the previous review was initiated by the City. Said condition was imposed because after numerous notifications to file a “Plan Approval” application, none was filed and the “Plan Approval” hearing was initiated by the City. The regular Plan Approval fee is reflected in Condition No. 1.

Condition No. 15 – This condition was modified to reflect that since the initial abatement action in 2003, when the Stuart Hotel was a transient hotel with short-term rentals, documents submitted from HCIDLA indicate that the Stuart Hotel is and contains residential units. This residential hotel is subject to the Residential Hotel Unit Conversion and Demolition Ordinance (Ordinance No. 180,175) as provided in LAMC Chapter IV,

Article 7.1. The Stuart Hotel, pursuant to LAMC 47.76-A is determined to be a Residential Hotel. Occupants and guest are referred to as *tenants*. In addition, any evictions shall comply with the rules and regulations established by HCIDLA.

Condition No. 16 – This condition was modified to refer to any persons on the premises that are not *tenants* to be considered *non-tenants*, and if engaging in any illegal activities, as described in said Condition, shall not be allowed on the property.

Condition No. 18 – This condition was modified to prohibit daily and weekly rates that would reflect short term tenancy. Only monthly rates should be posted to reflect the Residential Hotel status and rental for residential units are on a monthly basis.

Condition No. 19 – This condition was modified to change the term guest to *tenant*, to reflect monthly rental rates, similar to Condition 18, as opposed to daily and weekly rates, all consistent with Residential Hotel Status.

Condition No. 22 – This condition was deleted because it may be in conflict with Residential Hotel tenant's right-to-privacy. In addition, the prohibition of rentals for more than 29 days conflicts with the concept of a Residential Hotel.

Condition No. 23 – This condition was modified and replaced to mirror Section 47.85 (Records of Use) of the Residential Hotel Unit Conversion and Demolition Ordinance. The modified language reflects the current use status as a Residential Hotel, based on LAMC Section 47.85 (Records of Use) of Article 7.1, Residential Hotel Unit Conversion and Demolition Ordinance.

Condition No. 24 – This condition was modified to change the term guest to *tenant* to reflect the use status as a Residential Hotel per HCIDLA. In addition, Condition No. 24(b) language is added so that any eviction must abide by the rules and regulations of the Rent Stabilization Ordinance administered by HCIDLA. Illegal narcotics are stated because the State of California recognizes the legal use of Marijuana/Cannabis.

Condition No. 26 – This condition modified to change the term guest to *tenant*. The hotel no longer uses traditional "keys", that can have "Do Not Duplicate" embossed, but uses electronic key cards. In the past, duplicating keys could allow unauthorized persons to gain entry to the hotel. Therefore, the term "Non-Transferable" shall be stated on the key-cards.

Condition No. 28 – This condition was modified to allow the owner to have some control of visitors entering the building. The intent is not to preclude legitimate visitors from visiting tenants. However, these persons need to check in at the front desk and provide corroboration as to who they claim to be in order to deter and prevent criminal activity on the premises.

Condition No. 29 – This condition was modified to update the name of the Housing Department to Los Angeles Housing and Community Investment Department (HCIDLA).

Condition No. 30 – This condition was deleted because of the Department of Building and Safety required the security gate be removed because it swung out into the public right-of-way. The orientation of the building made it physically impossible to comply with the condition.

Condition No. 31 – This condition was modified to update the name of the Housing Department to Los Angeles Housing and Community Investment Department (HCIDLA).

Condition No. 32 – This condition was modified at the time of the initial nuisance abatement action on February 20, 2003, and September 14, 2004, when the Stuart Hotel operated as a tourist hotel. Currently, the Stuart Hotel is designated as a Residential Hotel by HCIDLA and if a tenant wishes to view adult content in their room it is their personal business. It is a right to privacy issue.

Condition Nos. 34 and 35 – These conditions were added to this action because it was determined that, pursuant to LAMC Section 47.76-A, HCIDLA determined that the Stuart Hotel is a Residential Hotel that contain Residential Units only. No tourist or short-term rental of units is allowed.

Condition No. 36 – This condition was added as it contains City Indemnification language as a standard condition for any Los Angeles City Planning Letter of Determination issued, as advised by the City Attorney's Office. The purpose of the Indemnification language is to notify the applicant that in the event of a legal challenge to a case, the applicant shall defend, indemnify, and hold harmless, the City. It serves as a promise to pay for the cost of possible future damages relative to lawsuits against the City.

On February 20, 2003, the Zoning Administrator issued a determination which required modification of the hotel's operation by the imposition of 32 corrective conditions. The hotel operator filed an appeal of the entire Zoning Administrator's determination. On May 6, 2003, the Planning and Land Use Committee of the City Council held a public hearing on the appeal and after listening to testimony from all involved parties, recommended that the City Council deny the business operator's appeal and sustain the determination of the Zoning Administrator. On May 14, 2003, the City Council denied the appeal and imposed corrective conditions on the operation of the hotel. Condition No. 1 of the City Council's action required that the business operator file a Plan Approval application, including fees, between 60 and 75 days from the effective date of the determination to review the effectiveness of the corrective conditions and to determine whether the public nuisance problems have been reduced or eliminated.

The Plan Approval, Case No. DIR 2002-3323-RV-PA1, was timely filed. On September 14, 2004, the Zoning Administrator's issued its determination of the Review of Conditions concluding that the operation of "the business known as the Stuart Hotel has generally improved its operations but continued to be a nuisance because the owner/operator had only partially complied with the corrective conditions previously established by the City Council on May 14, 2003," and for the purpose of continued abatement of nuisance shall be subject to another review for compliance with conditions.

Prior to an action by the Zoning Administrator, on behalf of the Director of Planning, requiring that a use be discontinued, it must be found that prior governmental efforts to eliminate the problems associated with the use have failed and that the owner or lessee has failed to demonstrate to the satisfaction of the Zoning Administrator a willingness and ability to eliminate the problems associated with the use. In this case, the operator has made a good faith effort to comply with the conditions and the overall result has been an operation, which is significantly better than the use, which triggered the original review. The conditions will remain in that they are not onerous for the operator to comply with and will improve the safety and security of the hotel and the adjacent residential neighbors.

The nuisance activity from the initial abatement action for Case No. DIR-2002-3323-RV, dated February 20, 2003, included information provided by LAPD. The determination stated that between the periods April 1 through December 31, 2000, there were 13 criminal incidents summarized that occurred at the hotel or which involved residents of the hotel. For calendar year 2001, there were 30 such incidents. For calendar year 2002, 10 such incidents. The number of calls for service to the hotel from April 2000 to May 2002 totaled 252.

For the first review of conditions, a Consolidated Crime Analysis Database (CCAD) report was submitted by the Office of the City Attorney. The CCAD shows the following incidents which occurred at the subject hotel since the May 14, 2003 City Council action up to July 9, 2004:

- July 5, 2003 - Non-crime report
- July 9, 2003 - Injury report
- July 28, 2003 - Misdemeanor battery
- January 20, 2004 - Burglary
- January 20, 2004 - Miscellaneous crime
- March 25, 2004 - Misdemeanor battery
- April 8, 2004 - Suicide
- April 10, 2004 - Non-crime report

Additionally, during the first review of conditions, LAPD stated with the implementation of corrective conditions and the crime situation that was initially very bad, had improved since the first hearing.

However, at the most recent hearing on June 11, 2019, public testimony and arrest reports provided by LAPD indicate that there is still a considerable amount of nuisance activity. Senior Lead Officer (SLO) James Chong stated that the Stuart Hotel has problems with illegal activity, prostitution, transients, and loitering in the lobby. They have received complaints regarding the hotel for noise from residents late at night, creating disturbances and loitering in front of the building. SLO Chong has visited the establishment and has left his LAPD contact information with the operator but never received a call back from the owner/operator. SLO Chong stated that Rampart Vice conducted an undercover operation on April 3, 2019, and was rented a room by the hotel

clerk for the purpose of prostitution. The clerk was cited for 316PC-Keeping a Disorderly House.

Additionally, SLO Chong cited the high incidence of 911-calls for service generated from the Stuart Hotel- 57 calls between May 29, 2018 to May 29, 2019, ranging from battery, domestic violence, rape, disorderly conduct and prostitution. Of those 57 calls, 11 police reports were generated.

Detective Dana Harris, of Detective Support and Vice Division-Community Problems Unit, submitted a letter dated June 8, 2019. Stating in part:

"As a part of my investigation, I conducted an administrative inquiry for 718 S. Union, utilizing LAPD administrative means. I found that over a two year period, there were over 150 separate incidents in which the police were called for service. That is a staggering number. These calls for service included, Domestic Violence, Assault with a Deadly Weapon, Burglary, Brandishing of a Weapon, Child Neglect (on two separate occasions), Sexual Assault (twice) and multiple arrests for crimes against person.

This is far from what is expected at any motel in the City of Los Angeles. We expect our motel owners to maintain a respectable establishment. One in which patrons visiting from out of town are able to visit in an environment in which they are not exposed to crime nor violence.

I can see that there has been a change in management at this establishment. Upon my inspection, the rooms appeared clean as did the hallway. I did have conflicting reports from residents. One resident, who lives at the motel stated that in the past, the motel was dangerous, but with the current management, there is a distinct change in the patrons who live at the motel and the overall environment for the better.

This is an establishment that caters via the internet to out of state guests at a lowered cost. For many this is their first foray into Los Angeles. The over 175 incidents and crimes that correspond with that number is too many.

It is my recommendation that this motel have full time security at the establishment to assist in regulating patrons who do not follow the expressed direction of the motel management that does not force the manager to leave his/her post to deal with troubles outside or in the motel."

Information provided by LAPD was for the period, between March 5, 2017 through March 6, 2019. There were 174 calls for service responses to the property, ranging from fights, death investigation, theft, trespassing, noise, landlord/tenant disputes and domestic violence. Nine police reports that occurred on the hotel premises were submitted to the file. Therefore, to eliminate the Plan Approval review of operating conditions and 24-hour security may be premature.

From the date of the initial nuisance abatement until recently, the Stuart Hotel became subject to the Residential Hotel Unit Conversion Ordinance (Ord. 180,175) administered by the Los Angeles Housing and Community Investment Department (HCIDLA). No short term or tourist rentals are allowed. The Stuart Hotel is a designated Residential Hotel and shall contain residential units only, thus the tenants and units have protected status under the aegis of HCIDLA. The Stuart Hotel contains 66 units of permanent housing and the corrective conditions can assist the management in providing safe, low-income, permanent housing. The previous conditions were relevant to a tourist hotel offering short term guest rentals. Therefore, conditions were modified to be consistent with a residential hotel for longer-term tenancy.

The Zoning Administrator hereby finds that without the imposition of the corrective conditions previously established and modified herein, the operation of the hotel located at 718 South Union Avenue could adversely impact nearby uses, jeopardize or endanger public health or safety of persons residing or working on the premises or in the surrounding area, constitute a public nuisance and/or continue to repeat instances of nuisance activities. It is through these conditions that the use will be compatible with the neighborhood.

Finally, it is further determined that the instant action by the Zoning Administrator, as the designee of the Director, is in substantial compliance with LAMC Section 12.27.1 and has been conducted so as not to impair the constitutional right of any person. Further, conditions imposed are not so burdensome as to prevent the viable operation of the subject business.

Inquiries regarding this matter shall be directed to Pio Vincent Quitoriano, Planning staff for the Office of Zoning Administration at (213) 202-5481.
