**Comments for Public Posting:** Please reopen the West Valley Animal Shelter. The facilities are needed for our stray and abandoned animal population. This is what it was built for. The animal shelters currently open cannot handle the current need as far as numbers and compassionate need. The current person in charge, Ms. Brenda, who has allowed these changes, perhaps is not the person most suited for this job. She should be replaced if she does not have more demonstrated compassion for the community needs as far as stray animals. That is her role. Someone who has the best interests in mind for the community needs to be in charge of the decision making regarding the property of the people of Los Angeles.
