Comments for Public Posting: Please reopen the West Valley animal shelter. The shelters are already crowded and reopening this shelter will help strays as well as unwanted dogs and other animals to have a place to go. Hopefully reopening this shelter will help animals find their forever home. Thank you!

Comments for Public Posting: “I want the West Valley Animal Shelter to remain a full municipal shelter, just as it was prior to its closing in April 2020.” “Prop F was a bond measure passed to in 2000 to build, expand, and renovate the city’s animal shelters. The San Fernando Valley was supposed to have 3 shelters but one was already given to a rescue. If West Valley is also given away, that would leave only one shelter to serve over 1.5 million people and 260 square miles in the SFV and that is not acceptable.”

Comments for Public Posting: Please open the west valley animal shelter immediately. It is dangerous to the well being of the animals in our valley, that we are not utilizing the resources we have to take care of them. That is the public's facility and there is no good reason that it remain closed. It is better suited to handle equine and livestock.

Comments for Public Posting: West Valley shelter needs to be opened fully to allow horses to have proper and humane care. It is animal neglect and cruelty to contain a horse without shelter in a dog pen at East Valley shelter.
