Comments for Public Posting: We need the shelter open now!! There are to many animals that need this. East Valley simply can not handle serve the needs the West San Fernando community . During the wildfires this closed shelter was vital to our community. We need this everyday and also during a disaster. Presently there is no air conditioning at EV which with the heat/ global warming going on it is needed and there is a horse currently in a dog pen. It should remain a public facility as it was funded and helped build with tax paying citizen. A rescue group should not be allowed to take it over. This should be decided by the citizens on a ballot not by one person. It should and NEEDS TO BE OPEN NOW !!!

Comments for Public Posting: We need the West Valley animal shelter opened immediately. Our tax money paid for it and the animals are suffering because of Brenda Barnette.
