## DISCUSSION

The FY 2020 PSGP is one of four grant programs that constitute the DHS/ FEMA's focus on transportation infrastructure security activities. These grant programs are part of a comprehensive set of measures authorized by Congress and implemented by DHS to help strengthen the Nation's critical infrastructure against potential terrorist attacks. The PSGP provides funds to state, territorial, local, and private sector partners to support increased port-wide risk management and protect critical surface transportation infrastructure from acts of terrorism. The LAPD will use grant funds to conduct required training and exercises within the Port of Los Angeles, allowing more maritime officers to be deployed and visible in the Port Complex and enhance the Maritime Domain Awareness. The grant will fund \$750,000 of sworn overtime to deliver and evaluate port security measures in the Los Angeles/Long Beach Port Complex. An expert team of practitioners will coordinate a 36-month training calendar which focuses on the current threats identified in the Risk Mitigation Plan as well as the Trade Resumption Plan. The grant award requires a 25

### SUMMARIZE THE PROPOSED INVESTMENT JUSTIFICATION.

THE FOLLOWING MUST BE INCLUDED:

- DESCRIBE HOW THIS INVESTMENT ADDRESSES THE CAPTAIN OF THE PORT'S PRIORITIES
- EXPLAIN HOW THIS INVESTMENT WILL ACHIEVE A MORE SECURE AND RESILIENT PORT AREA
- IDENTIFY ASSETS BEING REQUESTED
- IDENTIFY SIMILAR ASSETS THAT ALREADY EXIST

This project supports the FY 2020 Port Security Grant Program priorities of enhancing Maritime Domain Awareness (MDA); port resilience and recovery capabilities; training and exercises; enhancing Improvised Explosive Device (IED) and Chemical, Biological, Radiological, Nuclear, Explosive (CBRNE) prevention, protection, mitigation, response, and recovery capabilities. The PSGP priorities clearly state regional partners should assess their training and qualification requirements and regularly test these capabilities through emergency exercises and drills.

The proposed maritime training and exercise will include port-centric command and control exercises, interoperable communications drills and ensure enhanced intelligence sharing and analysis. The training will continue to address Group A priority concerns to include: Risks 7, 9, 15, 16, and 20. The investment will also act as a force multiplier by addressing Group B, C and D Risks. These risk groups were identified and vetted in the Port Wide Strategic Risk Mitigation Plan, Facility Security Plan, COTP 2020 Precept and Trade Resumption and Resiliency Plan. All of which, were agreed upon by the COTP and Area Maritime Security Committee (AMSC) Executive Steering Committee. All training evolutions will be conducted in the Los Angeles Port Complex and focus on multiple agency response. One of the core missions of the LAPD is to support the Department of Homeland Security in its ability to "strengthen national preparedness and resilience." This funding will increase LAPD's ability to support the goals outlined in the Quadrennial Homeland Security Review (QHSR). A major goal in support of this mission is to "enhance national preparedness" and "enable rapid recovery". A main objective of this training will be to capture best practices in sustaining critical capabilities and restoring essential services in a timely manner.

The Area Maritime Security Committee (AMSC) reviewed and vetted this project during comprehensive meetings leading up to the PSGP 2020 submission deadline. The final rankings of the projects were not available at the time of submission. However, the AMSC ensured they would be available to FEMA representatives during the review process.

The LAPD UDU relies solely on its four ocean-going vessels to support Tier 1 and Tier 2 response capabilities within the port complex. The LAPD SWAT works alongside its port partners and is primarily responsible for threat responses related to active shooters, hostage takers, barricaded suspects, and counter sniper operations. They are also specially trained and routinely provide Vehicle Intervention Teams (VIT) as prioritized in the United Coast Guard's 2019 Port Security Grant Precept. The vessels requiring maintenance support the LAPD units that regularly conduct operations within the port complex including Bomb Squad, HAZMAT, UDU, and TWB. The vessels are relied upon during multi-jurisdictional operations including Fleet Week, Chokepoint Operations, Port Dive Operations Group (PDOG) deployments and multi
