**REQUEST FOR INFORMATION REGARDING RECREATIONAL AND PARK
SERVICES FOR THE BELMONT VILLAGE – WESTWOOD SENIOR LIVING
ASSISTED LIVING FACILITY PROJECT IN THE CITY OF LOS ANGELES**

Dear Ms. Journey:

The following has been prepared in response to your request for Recreation and Parks information relative to the proposed Belmont Village – Westwood Senior Living Assisted Living Facility Project. This project proposes the development of 176 new residential dwelling units on a site located at 10822 Wilshire Boulevard in the Westwood Community Plan Area of the City of Los Angeles.

1. Would an increase of approximately 284 residents in the Westwood Community (as a result of the proposed project) require the City of Los Angeles Department of Recreation and Parks to construct new park facilities or add onto existing park facilities?

The Westwood Community Plan Area, within which the project is located, has a parkland acres-to-population ratio of neighborhood and community parks of 0.72 acres per 1,000 residents. The City of Los Angeles has a parkland acres-to-population ratio of neighborhood and community parks of 0.76 acres per 1,000 residents. The Public Recreation Plan, a portion of the Service Element of the City's General Plan, sets a goal of a parkland acres-to-population ratio of neighborhood and community parks of 4.0 acres per 1,000 residents. Therefore, the Westwood area is considered to be underserved in this aspect relative to the City as a whole and per the City's General Plan.

Rincon Consultants, Inc.
October 2, 2018
Page 2

The addition of new residents into any area without a corresponding increase in parkland will reduce the ratio of parks to residents. Each project is required to mitigate the impacts of the development through either the dedication of land, the payment of in-lieu fees, or a combination thereof. Most projects that contain more than fifty residential dwelling units are required to meet with the Department of Recreation and Parks prior to filing in order to discuss the dedication requirement.

Thank you for the opportunity to provide information relative to the proposed project's impact on recreation and park services. If you have any questions or comments regarding this information please contact Melinda Gejer, of my staff, at (213) 202-2657 or melinda.gejer@lacity.org.

Sincerely,

MICHAEL A. SHULL
General Manager

Ms. Annaliese Miller
Rincon Consultants, Inc.
180 North Ashwood Avenue
Ventura, California 93003

Dear Ms. Miller:

The proposed 10822 Wilshire Boulevard Project falls within the geographical boundaries of the Los Angeles Police Department's West Los Angeles Area. A project of this size could have a minor impact on police services in the West Los Angeles Area. The Department is available to advise you on crime prevention features appropriate for the design of the property in this project. The Department strongly recommends that the developers contact Community Relationship Division, Crime Prevention Through Environmental Design, Officer Christopher Gibson, (213) 486-6000.

Upon completion of the project, you are encouraged to provide the West Los Angeles Area Commanding Officer with a diagram of each portion of the property. The diagram should include access routes and any additional information that might facilitate police response.

Should you have any questions regarding this response, please contact Sergeant David Tango, Community Relationship Division, (213) 486-6000.

Very truly yours,

CHARLIE BECK
Chief of Police

A handwritten signature in blue ink, appearing to read "A. Neal".

AL NEAL, Captain
Commanding Officer
Community Relationship Division

Enclosure

The proposed 10822 Wilshire Boulevard Project will be under the jurisdiction of West Los Angeles Community Police Station, located at 1663 Butler Avenue, Los Angeles, CA 90025. Telephone Number (310) 444-0701.

The project site is approximately 1.7 miles and 8 minutes without traffic from the Police Station in Reporting District (RD) 0833.

West Los Angeles Geographic Area is approximately 65.14 square miles and consists of 67 Reporting Districts. The service boundaries for West Los Angeles Area are as follows: Mulholland Drive to the North, Santa Monica Freeway, Washington Boulevard to the South, San Diego Freeway, La Cienega Boulevard, City of Los Angeles Boundary to the East, and the Pacific Ocean to the West.

It has approximately 260 sworn personnel and 28 civilian support staff assigned. It is a culturally diverse community with a population of approximately 228,000 people. The officer to resident ratio is; 1 officer to 876 residents in West Los Angeles Area. Additionally, there are special service teams available within the LAPD to service West Los Angeles Area.

West Los Angeles Station's emergency response system is directly linked to the Los Angeles Police Department Communications Division's Dispatch Centers. Communications Division has the responsibility to staff and answer, on a 24-hour basis, the telephones upon which calls for service are received. This includes 911 emergency calls (police, fire, and paramedic). Communication Division handles only police related calls for the City.

The average response time to emergency calls for service in West Los Angeles Area during 2017 was 5.8 minutes. The average response time for non-emergency calls for service in West Los Angeles Area during 2017 was 26.2 minutes.

Crime Statistics for all West Los Angeles Area:

Belmont Village Westwood Senior Living Assisted Living Facility
Request for Information
Los Angeles Public Library Response
December 18, 2018

1. Would an increase of approximately 284 residents in the Westwood Neighborhood (as a result of the proposed project) require the Los Angeles Public Library to construct new library facilities or add onto existing library facilities?

Answer:

Attached are the information profiles for the locations listed in your request: Westwood Branch Library, West Los Angeles Regional Library, and Brentwood Branch Library.

On February 8, 2007, The Board of Library Commissioners approved a new Branch Facilities Plan. This Plan includes criteria for new Libraries, which recommends new size standards for the provision of LAPL facilities – 12,500 s.f. for community with less than 45,000 population and 14,500 s.f. for community with more than 45,000 population and up to 20,000 s.f. for a Regional branch. It also recommends that when a community reaches a population of 90,000, an additional branch library should be considered for the area.

The community served by Brentwood Branch Library is currently in need of a secondary location. West Los Angeles is currently in need of expansion in order to meet service standards. The community served by Westwood Branch Library is currently in need of a secondary location. Any increase in the residential and/or commuter-adjusted population that is in close proximity to a library has a direct impact on library services with increased demands for library staffing, materials, computers, and information services. Therefore, mitigation measures may be necessary in order to lessen the impact to these services to a level that is appropriate for a given service population in accordance to the February 8, 2007 Board of Library Commissioners approved Branch Facilities Plan.

The Los Angeles Public Library recommends a mitigation fee of \$200 per capita based upon the projected population of the development. The funds will be used for staff, books, computers and other library materials. It is recommended that mitigation fees be paid for by the developer.

SUBJECT: Environmental Impact Report Information Requested for: ***BELMONT VILLAGE – WESTWOOD SENIOR LIVING ASSISTED LIVING FACILITY PROJECT***, 10822 Wilshire Boulevard, Los Angeles, CA 90024. The project is planned to construct 176 senior residential units: 54 independent, 76 assisted living and 46 memory care, including retail/commercial use.

Included please find a ***LAUSD Schools Enrollments and Capacities Report*** for the schools and programs serving the project address. This report contains the most recent data available on operating capacities and enrollments, and is designed to address any questions pertaining to overcrowding and factors related to school capacity. All schools operate on single track calendars.

Please note that no new school construction is planned and the data in this report already take into account: portable classrooms on site, additions being built onto existing schools, student permits and transfers, programs serving choice areas, and any other operational activities or educational programming affecting the operating capacities and enrollments among LAUSD schools.

Additional information on LAUSD's Capital Improvement programs can be found on the Facilities Services Division main webpage at <http://www.laschools.org/new-site/>. Listings of residential schools and other programs serving the project can be found using LAUSD's Residential School Finder at <http://rsi.lausd.net/ResidentSchoolIdentifier/>.

The Developer Fee Justification Study with student generation rates can be found online at <https://achieve.lausd.net/domain/921>.

MASTER PLANNING AND DEMOGRAPHICS RESPONSE TO SPECIFIC QUESTIONS

Questions: 1-4 The project is located in a **HS** attendance choice/option area. Please see LAUSD Schools Enrollments and Capacities Report details;

NOTES:

- ¹ School's ID code.
- ² School's name
- ³ School's operating capacity. The maximum number of students the school can serve with the school's classroom utilization. Excludes capacity allocated to charter co-locations. Includes capacity for magnet programs.
- ⁴ The total number of students living in the school's attendance area and who are eligible to attend the school at the start of the reported school year, plus students enrolled at any on-site magnet centers.
- ⁵ The number of students actually attending the school at the start of the reported school year, including magnet students.
- ⁶ Reported school year seating overage or (shortage): equal to (capacity) - (resident enrollment).
- ⁷ Reported school year overcrowding status of school. The school is overcrowded if any of these conditions exist:
 - There is a seating shortage.
 - There is a seating overage of LESS THAN or EQUAL TO a margin of 20 seats.
- ⁸ Projected 5-year total number of students living in the school's attendance area and who are eligible to attend the school as of the start of the school year. Includes magnet students.
- ⁹ Projected seating overage or (shortage): equal to (capacity) - (projected enrollment).
- ¹⁰ Projected overcrowding status of school. The school will be considered overcrowded in the future if any of these conditions exist:
 - There is a seating shortage in the future.
 - There is a seating overage of LESS THAN or EQUAL TO a margin of 20 seats in the future.
- ^o Magnet Schools with Resident Kindergarten Enrollment: Resident enrollment is reported for Kindergarten only. Actual enrollment is reported for all grades in school. Projected data not reported.
- * Enrollment is by application only.
