

MOTION

On July 3, 2019, the Council approved funding for the Ben and Victory Green Stormwater Infrastructure Project in the amount of \$2.5 million (CF# 13-1526). The intent of the project is to effectively convey and divert stormwater in the Sun Valley/North Hollywood area. To meet the project's objectives, a technical adjustment is needed with respect to the transfer and allocation of project funds.

I THEREFORE MOVE that the Council approve the transfer and appropriation of \$849,030 from the Ben and Victory Green Stormwater Infrastructure Project within the Stormwater Pollution Abatement Fund No. 511, Department 50 to Proposition O Fund No. 16V, Department 50.

I FURTHER MOVE that the CAO in cooperation with the Bureau of Sanitation be authorized to make technical corrections, clarifications or revisions in order to effectuate the intent of the matter.

Presented by:

PAUL KREKORIAN
Councilmember, 2nd District
