RE: CD15 JEDI Zones

Dear Ms. Hull,

In accordance with Section IIB. of the City's JEDI Zone Establishment Policy, I am hereby submitting the following geographic areas for eligibility evaluation:

1. Watts - all federally designated Opportunity Zone census tracts
2. Wilmington - all federally designated Opportunity Zone census tracts
3. San Pedro - all federally designated Opportunity Zone census tracts
4. Harbor-Gateway South - all federally designated Opportunity Zone census tracts

In as much as these communities have continued to under-perform economically as the City has advanced its policy-making at a snail's pace, I respectfully request your prompt attention to this matter.

Please consult with my Senior Advisor, Alison Becker, at (213) 473-7015 should you have questions or concerns. I understand that requests will be processed in the order received and would appreciate status confirmation of these requests in your queue.

Sincerely,

JOE BUSCAINO
