

MOTION

Confusion over jurisdictional lines between properties owned by the Department of Recreation & Parks and the Bureau of Street Services is impeding progress on a neighborhood vision for a public jogging and walking path in East Venice. In order to move forward with the project, it is necessary for the City to certify the underlying ownership of the relevant parcels. Additionally, ongoing maintenance of the recreational path would be best managed by the Department of Recreation and Parks, so the City should consider having Street Services vacate the parcels in their jurisdiction and transfer jurisdiction to Recreation and Parks.

I THEREFORE MOVE that the Bureau of Engineering be instructed to report on the feasibility of vacating the public right-of-way, including the performance of a land survey and title search, for the following properties in East Venice: APN #s 4244001902, 4243023900, 4243023904, 4243023903, and 4243020901.
