**Comments for Public Posting:** While the city council has made some recent welcome moves regarding the ICO to stop the Arleta/VisionQuest detention center, we need to see your commitment to Immigrant Rights in Los Angeles, a city of Immigrants, by fully funding the Justice Fund. Detention centers like Adelanto continue to imprison immigrants in our area in spite of limits imposed by state and local governments and will continue to do so. ICE is sending in militarized SWAT teams to further terrorize, surveil and kidnap community members. One of the most important things we can do to fight back right now is to represent our vulnerable immigrant population from attacks by the federal government by enshrining their right to equal representation and then FUNDING that representation. The immigration justice community is watching carefully what you do and what you prioritize.
