- (3) Area (in sq. ft.) of the proposed vacation area is approx. 8,700 sq. ft. If over 10,000 sq. ft. of buildable area, the vacation is not categorically exempt from the California Environmental Quality Act Guidelines and will require a higher level of environmental review. Contact a vacation staff member to discuss the effect of this on the processing of your application prior to submittal. If the applicant is required to have an environmental determination performed by the Bureau of Engineering Environmental Management Group, the applicant must submit an additional \$32,100 fee deposit. This will also increase the processing time by approximately 6 months.
- If the vacation is located within a Coastal Development Zone, a Coastal Development Permit will be required for the project. The applicant should be aware that vacations within a Coastal Development Zone will take longer to process and will be considerably more expensive. If the applicant is required to have a Coastal Development Permit processed by the Bureau of Engineering Environmental Management Group, the applicant must submit an additional \$32,100 fee deposit.
 - Some city agencies, including LADOT, may require additional fees to be deposited to cover costs during the referral and investigation process. The applicant is responsible for paying the fees to the agency directly. Referral fees paid to other city agencies are separate from the Bureau of Engineering processing fees.
 - If the proposed vacation is only for a portion of the Right-of-Way or a partial block, contact a vacation staff member prior to submitting application.

Sunset Las Palmas Entertainment Properties, LLC

Application for Street Vacation of Eleanor Avenue

Purpose of Vacation

Sunset Las Palmas Entertainment Properties, LLC ("Applicant") request to vacate Eleanor Avenue, a dead-end public street located west of Seward Street and east of the entrance to the Sunset Las Palmas Studios ("Studio"). The Applicant owns the properties that abut Eleanor Avenue on the north, south and west and the street is used solely for access to the Studio.

The Applicant received the necessary city entitlements and approvals to redevelop the Studio, including demolishing the existing buildings located on the southwest corner Eleanor Avenue, north of Romaine Avenue and constructing a new four-story office building with one level of subterranean parking. By vacating Eleanor Avenue and utilizing the street area, the Applicant will be able reconfigure the east entrance, secure the entire property with a new gate and fencing and control the access to the planned new office building to the south and the existing Studio buildings to the north. Because Eleanor Avenue is used only by Studio employees and visitors to the Studio, the street vacation will not impact the public or interrupt the flow of traffic on Seward Street.
