Comments for Public Posting: Hello Armando, Thank you for taking my call just now. Several members of my community just sat through 2.5 hours of today's PLUM meeting where there was zero discussion of Agenda Item #7 (16-1472-S7) which was a continued item from the 2/4 meeting. There was no chance for public comment at either the 2/4 or 2/16 meetings with respect to this item yet somehow the meeting was adjourned without addressing the item. When several members of the public requested to speak on this item during the multiple / public comments they were refused at the time and told they would be called upon when the specific item was brought up. It never was. You mentioned that Items 4-7 were voted / approved on consent. I cannot fathom how an item can be voted on without allowing any public comment or discussion whatsoever. Our community members deserve to be heard and have discussion on items which affect our neighborhood. This is totally bizarre. Regards, Michael Ferguson
