

Communication from Public

Name: Murray Levy

Date Submitted: 02/16/2021 01:17 PM

Council File No: 20-1302

Comments for Public Posting: Don't know if the council file number and case number on plum committee agenda are same thing. Other numbers: Case No. CPC-2018-504-DB-DRB-SPP-CDP-MEL-1A and Environmental No. ENV-2018-505-MND. This project is being heard at the PLUM committee meeting Feb 16, 2021. Project should be denied. It is too big for the site. It violates the Pacific Palisades Specific Plan. It is opposed by the Pacific Palisades Design Review Board, an official City body on which I served for over ten years. It is opposed by the Pacific Palisades Community Council, an unofficial elected body that represents all residents of Pacific Palisades. If democracy and citizen input has any meaning in the City of Los Angeles you should insist that this project be re-designed to fit its site and to conform to the Palisades Specific Plan.
