Comments for Public Posting: LAAPOA represents MOU#28, 30 & 65 that is the majority of the 83 peace officers detailed in this motion. Thank you for approving this matter to continue forward. It is a long overdue matter. I want to express the urgency of this matter, LAPD has had 6 COVID related deaths in the last 2 weeks. 60 days is an excessive amount of time to complete an actuarial or study required to resolve this issue for these city employees on the front lines. The data referenced in the motion is taken from the actuarial that was done in 2019. Seeing that the City & Seagal already has the (83) individuals information, we urge this matter to be resolved sooner than 60 days due to the daily risk of exposure, injury and or death in this line of work of peace officer for the City of Los Angeles. Thank you again for your consideration
