Comments for Public Posting: Councilmembers: The Public Works Commission rejected funding for a study of this issue within the LAPD last week. We would ask the Councilmembers to Amend the Motion to seek specific community engagement metrics within each LAPD Division. What is expected at Hollenbeck Division may not be the same in Hollywood. The LAPD SLO's, in particular, deal with every different communities and must adapt their practices to meet the needs of the communities. If those adaptations have been effective, they should be measured and outlined. The Motion appears to ask for a single report of a single set of metrics. It is not specific enough to do anyone justice. Thank you, Shelly Bisnoff
