Council File No: 20-1536

Comments for Public Posting: As a downtown resident, I object to the use of the public space for intrusive digital advertising. I have no confidence in the desire or ability of City staff to effectively control this blight. If the digital signage is not abusive in the sense of commandeering attention and posing a dangerous distraction for drivers, the advertising companies won't buy the space. There is no "win-win" here. I urge use of non-digital signage for advertising.
