RE: SCRA Support of Council File 20-1536 The Board of the Studio City Residents Association (SCRA) supports Council File 20-1536 to instruct the Bureau of Street Services (aka Streets LA) to address the final design of possible bus shelter digital signs/cellphone data collection and assure the public that adequate controls are in place to protect neighborhoods and communities. The deliberation and decision making on this issue must be made in transparent fashion and be resolved before any award to operate the Sidewalk and Transit Amenities Program (STAP) is approved.
