Comments for Public Posting: The appellants are not alone in their concerns surrounding this project! To date, more than 916 stakeholders have signed a petition opposing this project and CD 10's Herb Wesson have supported the appeals' request for a full EIR and oppose any further continuances to be granted. Unfortunately no public comment has been allowed at the last several meetings when this item has been agendaized and granted continuance.

Per Herb's directive, our office supported granting the appeals and conducting a full EIR on the project to deal with the historic, affordable housing, and traffic issues that come with this very large project, particularly since it's been nearly 20 years since the Wilshire Community Plan has been updated. This was expressed by Jamie at the PLUM meeting and our office did not support a continuance even though it was granted by the Committee. Please contact Councilmember-elect Ridley-Thomas' office on Monday, as he will be the Councilmember of the 10th District on Sunday. Warm regards, Andrew

Jennifer,

Our last day in office is Saturday and we will no longer be in a position to influence the outcome of the decision on this project. Per Herb's directive, our office supported granting the appeals and conducting a full EIR on the project to deal with the historic, affordable housing, and traffic issues that come with this very large project, particularly since it's been nearly 20 years since the Wilshire Community Plan has been updated. This was expressed by Jamie at the PLUM meeting and our office did not support a continuance even though it was granted by the Committee.

Please contact Councilmember-elect Ridley-Thomas' office on Monday, as he will be the Councilmember of the 10th District on Sunday.

Warm regards,

Andrew
