Comments for Public Posting: As an Eagle Rock resident and a volunteer who assists unhoused neighbors in Eagle Rock, I strongly support the provision of non-congregate bridge housing at the "Figueroa Lot." As compared to congregate tent housing, these units will be far safer, more private, more sanitary, and more dignified. Our neighbors will be able to enjoy longer, deeper sleep, and the health benefits that come from that, which are many. That in turn will position them to better help themselves and work in tandem with case managers to improve their lives. Thank you for hearing my comment.
