**Comments for Public Posting:** My name is Monica Rodriguez and I am a constituent of district, CD 8. I was also the youth appointee on the Youth Development Task Force. I am commenting in regards to the released agenda for Tuesday's Feb. 9, 2021 Economic Development and Job committee meeting. I urge you to take action and support the recommendations written by the Youth Development Task Force. They have included our demands as youth and community into their report and have identified the dire need for a standalone youth development department. I urge you once again to support this report to ensure a bright future for all of LA's youth. As my representative I need you to support this. Having a standalone Youth Development Department means that I won't just get lost amongst the umbrella term of Family and Community. It means that the city knows the value of its youth especially since we are the future. Thank you!
