Comments for Public Posting: Closing the West Valley Shelter is a shameful move and a total disregard for the people living in the area. We all depend on this shelter and the service that they provide. Why do we now have to depend on a shelter in Van Nuys and travel out of our area. For us elderly, this is a hardship. All of our family pets have been adopted from West Valley. We will not adopt from the East Valley Shelter. It is not easily accessible to us.

Comments for Public Posting: The taxpayers of Los Angeles and especially the San Fernando Valley voted to pay extra taxes in order to upgrade our West Valley Animal Shelter. We did this to provide air-conditioning and other much needed upgrades to our shelter to make our homeless animals more comfortable during an already stressful situation. To take this shelter from the taxpayers who are still paying for these upgrades to convert into a PRIVATELY RUN SHELTER, is a STAB IN THE BACK and CRIMINAL!! The citizens of the San Fernando Valley are sick and tired of having our hard earned money stolen from us and put towards services that we will never see or be able to use is UNACCEPTABLE!! We need this shelter in the West Valley, and you must NOT give it away.

Comments for Public Posting: We need to have a city animal shelter on this side of the valley. Please do not take away another service that we as taxpayers have paid for. I have used this location numerous times from dropping off stray/lost animals to adopting animals for our family pets. I even started volunteering there before the pandemic. Please do not close down this valuable community resource!
