**Comments for Public Posting:** My wife and I are lifelong Angelinos. We purchased a home in Rancho Park a few years back and decided to start a family. Our neighborhood has a couple of freeway underpasses in it that used to be kept clean. We have struggled hard as a community to try and keep the area clean and safe but since the beginning of 2020, that has proved to be an impossible task with no support from the city. We have a had persistent homeless encampments at the freeway underpasses that make our neighborhood extremely unsafe. We have had shootings, multiple tents go up in flames, and assaults to pedestrians in the neighborhood. The LAPD has no effective means of any law enforcement and our neighborhood is filled with trash and human feces. We no longer feel safe in our home home and certainly do no feel safe walking our dogs/children around our neighborhood. I highly encourage the City Council to urgently pass file number 20-1376.
