Comments for Public Posting: I don't remember you doing this when our own LOS ANGELES buildings were being destroyed by ANTIFA/BLM. And there is a BIG difference in the massive amount of PEACEFUL attendees who were there and the handful that breached the doors of Congress. If this is your metric then I expect you to also go after the first amendment rights of EVERY SINGLE person who were at the Peaceful Protests in Los Angeles and lump them in with the massive amount of people who took that opportunity to destroy business and injure people
