DISCUSSION

This grant will fund the purchase of two 12-passenger vans for Community Safety Partnership Bureau (CSPB). The CSPB is guided by the following five components: Public Safety, Community Engagement, Wrap-Around Programming, Safe Passages, and Enhanced Community Capacity. Through the "Wrap-Around Programming" component, CSPB connects community members with educational and interactive programs, which work to bolster public trust. However, since many of these programs occur off-site, community members who are unable to secure transportation are unable to take part in these programs. Approval of this grant will not only ensure transportation for participants, but also help increase public trust through the practice of relationship-based policing and further develop and maintain relationships with community members and community organizations.

Director of Police Transportation Dirk Aubuchon advised that Motor Transport Division will be able to provide maintenance for the vehicles when needed.

The Los Angeles Police Foundation is an independent, not-for-profit organization that provides critical resources and vital support to the Los Angeles Police Department. From essential equipment and state-of-the-art technology to specialized training and innovative programs that would otherwise be unfunded, the Foundation provides funding that directly improves public safety, impacts officer readiness, and enhances the quality of life of all members of the community. As the largest source of private support for the LAPD, the Foundation is passionately dedicated to ensuring that Los Angeles remains America's safest major city. Since being established in 1998, the Foundation has invested tens of millions of dollars in hundreds of

LAPD initiatives that promote excellence, expand capabilities, strengthen neighborhoods and create opportunities for at-risk youth. These actions are grounded in the beliefs that a safe city is a strong city and that together we can make a difference.

The donation has been submitted in accordance with Section 5.467 et seq. of the Los Angeles Administrative Code, which provides for the receipt and acceptance of donations to the Department.

If you have any questions, please contact Deputy Chief Emada Tingirides, Community Safety Partnership Bureau, at (213) 486-8265.

Respectfully,

MICHEL R. MOORE
