**SUMMARY**

In a report to BOHC dated February 2, 2021, POLA requests approval of a permit with Trani's Dockside for use of Department property (formerly known as Canetti's Seafood Restaurant) as a restaurant named Dockside that will provide both indoor and outdoor seating. POLA will provide a rent credit of \$94,400 per year over ten years, for a total of \$944,000, to offset Trani's total tenant improvement project cost, which is estimated at \$1,592,925 including basic commercial space upgrades such as electrical; plumbing; flooring; and heating and air conditioning in addition to restaurant-specific upgrades required to buildout the Dockside restaurant.

POLA released a Request for Proposals to the public for the lease of commercial space for maritime-related and/or visitor-serving businesses at the site of the former Canetti's Seafood Restaurant. The proposal submitted by Trani's met POLA's objective of attracting visitor-serving businesses to the LA Waterfront. The restaurant Dockside will offer three meals a day in a fast, casual setting with both indoor and outdoor seating. There will be a breakfast and coffee bar, as well as a raw bar/oyster bar with fish and meats as the main components. The building is a historical landmark.

On February 18, 2021, BOHC approved POLA's request.

At its meeting held March 23, 2021, the Trade, Travel, and Tourism Committee recommended that Council approve the proposed permit, as recommended by BOHC.

Respectfully Submitted,
