MARCH 24, 2021

The Echo Park Neighborhood Council supports this Motion for the City to create at least 25,000 new housing units by 2025 as the city's Homeless Housing Goal. Los Angeles absolutely needs a recalibration of its "North Star", as referenced in the language of the motion, with particular emphasis on effective operation of a "system that has the capacity to quickly rehouse individuals...and can generate a throughput that puts unhoused people into temporary housing and then into permanent housing in a timely manner."

We also want to make it clear that this much-needed housing is not used to take away existing RSO units or other housing currently serving our working class community.

Nearly a year after LAHSA's Homeless Services System Analysis was released (March 2020), upon which this Motion is based, we strongly urge the City Council to take official action without further delay on that report's identified shortage of housing mix, and instruct the Chief Legislative Analyst to promptly provide the policy recommendations to enact the target goal.

RESOLUTION

On March 23, 2021, the EPNC Board of Governors held a Brown Act noticed-meeting, at 7pm through zoom. With a quorum of 18 board members present and vote count of 16 yeas, 0 nays, 1 abstention, and 1 ineligible, the Board resolved to write a letter of support for the application as set forth above.

Respectfully,
Echo Park Neighborhood Council

Nick Marcone
Secretary, Echo Park Neighborhood Council
