I am the owner of Almor Wine and Spirits located at [7855 Sunset Blvd., Los Angeles](#). I am sending my objection against the pending full line of alcohol license for Sunset Fairfax Mobil Gas Station at [7865 Sunset Blvd, Los Angeles](#) to City Council. Sunset Fairfax Mobil's application is not a public convenience or necessity for the neighborhood. Issuance of this license would add to what is already an undue concentration of licenses. At the intersection of Sunset Blvd and Fairfax there are currently three locations possessing full liquor licenses, Bristle Farms, Rite Aide, and Almor Wine and Spirits. There is a fourth location Arco which has a beer and wine license. There is absolutely no need to issue an additional license to what is an already high concentration of licenses for one city commercial intersection. This action would only adversely affect the neighborhood which is strongly residential and add to the law enforcement problems that already exist.

Mary Michiels
