Summary: The East Hollywood Neighborhood Council supports Councilmember Raman's updated motion on Council File 20-0147-S27. City Council legalized street vending in 2018 and our local street vendors are a vibrant part of our local neighborhood character. We must allow vendors to resume their work by lifting the prohibition that was imposed in March 2021. Street vending is categorically safer than indoor or even seated outdoor dining when it comes to COVID-19 transmission and there is no reason there should be any barrier for street vendors to operate, given how many undocumented communities in LA hit hardest by COVID (while not being able to receive stimulus grants) rely on income brought in through vending. The East Hollywood Neighborhood Council stands in solidarity with our local street vendors, and we seek to support them through the support of the passage of this Council File.
