Hello,

I am writing in support of the Weddington Golf and Tennis property at [4141 N. Whitsett Ave](#) in Studio City receiving a Historical-Cultural Nomination. The Weddington Golf Course is locally significant in the area of recreation and as a community recreation center. Specifically, the 9-hole golf course and driving range were constructed to provide the Studio City community with a publicly-accessible facility where children and adults alike could learn and practice the sport. The clubhouse, course, and driving range have been a community draw, for generations to a diverse demographic of Angelenos. Further, under Criterion 3. The Weddington Golf Course represents the essential characteristics of a local, community golf course in the mid-1950s. The setting has high integrity, as do the component elements including the Ranch style clubhouse that echos the residential forms of Studio City from that era, the golf course with its fairways lined in palm, eucalyptus, and pine trees, and associated features such as the golf ball-shaped light standards and putting green.

Any proposed demolition of this excellent example of a post WW II Era recreational facility will result in a significant loss to the heritage of Studio City. I urge you to protect this iconic Studio City landmark for future generations.

Sincerely,
Erin Ahlgren

Dear Chairman Marqueece Harris-Dawson and PLUM Committee Council members,

I urge the PLUM Committee to adopt the nomination by the Cultural Heritage Commission for Studio City Golf and Tennis Club to be included in the list of Historical-Cultural Monuments according to the CHC staff findings as written. The CHC determined " that the property conforms with the definition of a Monument pursuant to Section 22.171.7 of the Los Angeles Administrative Code. The Commission also voted to change the proposed monument's name back to "Studio City Golf and Tennis Club" to reflect the original, historic name. (It is currently known as Weddington Golf and Tennis).

The nomination is for the property, the clubhouse, golf course, and driving range that have been open to the public for generations to a diverse demographic of Angelenos. Under Criterion 3. The setting has high integrity, as do the component elements including the Ranch style clubhouse, the golf course with its fairways lined with over 350 palm, eucalyptus, and pine trees, and associated features such as the golf ball-shaped light standards and putting green. Any proposed demolition of this excellent example of a post-WW II Era recreational facility will result in a significant loss to the heritage of Studio City. I urge you to protect this iconic Studio City landmark for future generations.

Sincerely,

Patty Kirby
