Comments for Public Posting: This will be Jamison's 7th continuance since May 2020 and the project was proposed back in Feb 2016! And during that meeting stakeholders were not allowed to make comment on the continued items regarding the continuance itself. Furthermore, none of the Appellants were notified that this case was agendized for the 4/6 CITY PLUM Meeting. Now there is a request out til June 8th but no documentation as to who requested it or why. The MND is out of date and project is out of scale with the Normandie Mariposa Historic Neighborhood that sits less than 70ft away across the street! WE DEMAND THAT AN UP TO DATE EIR BE DONE for the health and welfare of the CD10 stakeholders before this project goes any farther!!
