**Comments for Public Posting:** I live in the City of Los Angeles and I want the City to keep its promise and restore comprehensive clean-ups and patrols of homeless encampments and trash. We must ensure the safety of our students now that they have finally returned to school.

**Comments for Public Posting:** We must ensure safe passage to and from school for our students. Larchmont strives to improve the world we inhabit and we are compassionate to those experiencing homelessness throughout our city. Weekly comprehensive clean-up by the Bureau of Sanitation along with 24-hour security via LAPD patrols were promised as part of the Bridge Housing that was installed around both the Selma and LFP campuses in 2019. Due to COVID and budget cuts, neither is currently happening. We need to hold the City accountable for keeping this promise and appropriately balancing the needs of people experiencing homelessness with the needs of our students to safely travel to and from school.

**Comments for Public Posting:** Weekly comprehensive clean-up by the Bureau of Sanitation is NEEDED AND SO IS 24-hour security via LAPD patrols as the community was promised as part of the Bridge Housing that was installed around both the Selma Elementary School In 2019. Due to COVID and budget cuts, neither is currently happening. We need to the City of Los Angeles to keep its promise promise and appropriately balancing the needs of people experiencing homelessness with the needs of our students to safely traveling to and from school.
