**Comments for Public Posting:** I believe that we need a stand alone youth department will be need now more than ever. Students have now gone through life altering challenges of isolation and we must be intentional and active in how we support them through this. This department is long overdo as is making our youth a priority.

## Communication from Public

**Comments for Public Posting:** My name is Jacqueline Munguía and I am a program manager in the music department at Heart of Los Angeles (HOLA). I am writing today to voice my support for the City of LA to move forward with establishing its first Youth Development Department. As the future of our community, it is crucial for the youth of Los Angeles to have a prominent voice in the city they call home. Thank you.
