Comments for Public Posting: 1. When did the City of LA decide that 18-25 year olds are not adults? 2. The task force recommended evaluating the numerous youth programs and analyzing their effectiveness. So instead of sending this to the Controller's office the response is to create a dedicated department. Why bother with a task force if you aren't going to listen to them. 3. Paying for this through a bond measure makes housing more expensive and funding it through an increase in sales tax places more of the burden on middle and lower income families. Vote no on this motion.
