SUBJECT: RE: LETTER OF SUPPORT FOR SEPTUM GROUP

Dear Los Angeles City Council:

The California Cannabis Coalition presents this letter to express our strong support for Septum Group who is pursuing a cannabis retail permit in the Sun Valley - Sunland Tujunga area.

The California Cannabis Coalition has represented the cannabis industry and stakeholders in the industry for over a decade. The California Cannabis Coalition has advocated for the patient, medical and public health community as well as manufacturers, producers and retailers in the industry.

Septum Group consists of owners and a social equity partner that brings years of proven experience in the cannabis industry. Most importantly, they are bringing significant investment the community. Their Community Benefits Plans includes: taking a percentage of proceeds and donating them to local community projects, hiring local job seekers, and creating a grant program for local non - profits to obtain funding.

In addition to all of its efforts to invest in the local community, Septem Group has a strong compliance and operations background which will help ensure it is a strong operator for the city. In doing so, they will help create millions in tax revenue for the city that can help hire more cops, repaving streets, and rebuild our local parks.

It is for all of these reasons, the CCC expresses our strong support for their project. If you have any questions or concerns, please do not hesitate to contact us.

Thank you,
