Comments for Public Posting: SENATOR WIENER IS COOL! But he gets alot of criticism when he tries to remove corruption from actually getting housing for people BUILT!!! Paul "Peppa Pig" Koretz and the rest of the L.A. City Council is the MOST CORRUPT City Council in CALIFORNIA HISTORY! They only oppose these Bills because it would reduce or eliminate the campaign donations, bribes, phony "appeals" of meritorious projects, and other schemes as outlined in the United States of America v. Jose Luis Huizar. California State Senate Bills 9 and 10, which would require by-right approval of duplexes and lot splits, and would exempt such projects from public hearings and environmental review IS THE ISSUE...This at first blush is being MISREPRESENTED BY OUR USUAL SUSPECTS: THE CORRUPT AND ROTTEN BUNCH CALLED THE "FBI-TARGET BRADY BUNCH."
(The Council appears on Zoom meetings in a set of boxes resembling the Brady Bunch intro.) "Public Hearings" in the City of Los Angeles are SHAM hearings. They only allow 1 minute for "public comment" while wealthy developers and "appellants" get NEAR UNLIMITED TIME TO SPEAK. Deals are brokered behind closed doors. Commissions are stacked with pro developer and often time conflicted "commissioners." The City process is nothing but a JOKE. Senator Wiener realizes this and understands that NOTHING is getting done to HOUSE THE UNHOUSED. What is happening is the pockets of: Attorneys, consultants, architects, City staffers, investigators, contractors, planning workers, etc. are being lined with CASH to process the delays that lead to "deals" such as Mr. Huizar's payments IN COLD HARD CASH to "resolve issues" of planning. Mr. Wiener instead wants to ELIMINATE that garbage and get developers to FILE for MERITORIOUS projects and BUILD THEM TO code and SPEND MONEY on that, not on lining the pockets of corrupted City officials just to get "plan checks." Developers under the current regime BUILD EXACTLY WHAT THEY WANT ANYWAY. So, forget it. Let's just LET' EM' BUILD and cut out the garbage that isn't needed. Mike Feuer and the D.A. have zero interest in Brown Act compliance; the City Ethics Commission has long ago abdicated its duty to the 4 million Angelinos, and most of all everyone knows the City Charter is broken. Councilmember John Lee, (CD-12) is actually admitted to being

the FBI's "STAFFER B" in the Felony conviction file of United States v. Mitchell Englander!!! And because Lee ISN'T a darker skinned Latino, The City Council won't make a move to remove Mr. Lee from Committee assignments much less the Council (Compare their "swift" actions against Mr. Huizar going so far as cutting off all his pay WHILE A CITY COUNCILMEMBER!) In sum, who opposes SB 9 and 10? Take a look; SEE A PATTERN? The everyday homeowner will see RISING VALUE in her home value, and as Mr. Gil Cedillo (CD-1) who in sea of Corruption at City Hall offers actually some sanity: He said once we need to "build build build" and STOP "talking, talking, talking" or something to that effect at City Council meetings. He was DEMOTED from chairing the Immigration Affairs Committee that he championed (retaliation Ms. Martinez????) Mr. Koretz was removed from the powerful Budget and Finance Committee recently, thus this may be his way of opposing good legislation to get in "good" with his City Hall handlers. Koretz owns a home in WEST HOLLYWOOD but despite being a highly paid FULL TIME City Councilman since 2009 only RENTS in L.A. because the "pesky" City Charter requires our Councilors to "reside in" their "districts."! What does that tell us? Now Koretz is RUNNING FOR CONTROLLER and NEEDS TO RAISE LOTS AND LOTS OF \$\$\$\$\$\$\$\$\$\$ TO BUY (UMM GET ELECTED) to another 8 year gig of 6 figure salary heaven at 200 N. Spring Street. He knows what he's doing! Thank you Senator WIENER for YOUR EFFORTS! You have succeeded in showing how much more CORRUPT City Hall is
