Comments for Public Posting: As a gay man who has been living in downtown Los Angeles for 12 years, I am very familiar with the incredible work that DTLA Proud has done in bringing together a diverse cross-section of the LGBTQ community at the DTLA Proud festival in Pershing Square for several years running now, along with its fun Summer Tramp events. I couldn't be more excited about DTLA Proud's plans to open a LGBTQ Community Center in DTLA serving the needs of the community in DTLA and the Eastside, something that is long overdue. I completely support the plan to open a dispensary whose proceeds will flow into the creation and operating of the center! What an innovative and creative plan Andres Rigal has come up with. This venture will have wide-reaching benefits for the community for years to come. Please support it with your votes City Council members and help bring this plan to fruition!
