Dear Mayor and Councilmembers,

I was born and raised in Venice. Please do not tell me it has always been this way. It has not!

Please do not add to the dangerous chaos at Venice Beach! People have been shot, attacked (two of One of them is in her 70's and ended up with a broken hand, bruised knees and a split lip from being hit REASON! I was there and it was terrifying. She hit her head too. He could have killed her!). Not to mention obscenities, threatening each other and passerbys, soliciting drugs, stealing bikes, strewing garbage, dog - no people have been killed in the fires yet that I know of, but it's coming).

If there is no rule of law, then why should the rest of us respect the rules or the laws?

I urge you to make every effort to clean up homeless encampments and enforce existing laws in neighborhoods around Los Angeles and the residents of those sites. I agree with the following:

Dear Mr. Garcetti and City Council,

I am a longtime resident and local business owner here in Venice. We own a home here and I have to live in a homeless situation here in Venice (and across Los Angeles) has become grave. I can barely operate my business and am harassed (physically and verbally) almost every single day (my customers included). When I walk to the door, I hold my daughter's hand tightly because I don't know if we will be verbally assaulted by someone who has a knife in their hand outside of the parking lot. My heart breaks for the situation these people are in, but the city has to take responsibility for the encampments and illegal parking. I support the following acts to help improve and begin a long-term plan to make this beautiful city from what is devastating to both the tax-paying residents here, as well as the homeless, by providing resources or options. We are screaming for help here. Residents are fleeing the neighborhood.

I urge you to make every effort to clean up homeless encampments and enforce existing laws to protect the safety of the people around Los Angeles and the residents of those sites. I agree with the following:

P.S. I just don't understand why this situation continues on. I've been given a ticket while in my car because of the homeless encampment.

Dear City Council Member:

I am a homeowner in Marina del Rey, CA and have been one since 2008. My husband and I strongly Bonin to create homeless encampments at Fisherman's Village and other locations in Venice and Mar for many years we enjoyed biking the bike path between Venice and Will Rogers Beach, or along Via I the bike path is terrifying - filled with tents, trash, crazy, drugged people wandering around, and filth! neighborhood and felt it kept us young. Now all the restaurants are closing, the Muscle Beach area w filled with encampments, and the neighborhood is no longer safe.

If we want to camp on the beach at a State Park, reservations have to be made months in advance. Y rules and regulations are no longer applicable. Why should we put up with this — if the homeless war jobs like the rest of us and pay their own way. Otherwise, what's wrong with creating free housing in P and space abounds.

Also, please consider the costs. You can buy a tent for under \$200. Why should someone who does free housing at a cost of \$500,000 or more, free utilities, free cleaning services, free food? We worker being here and living at the beach. What about our needs, well being, and peace of mind?

Sincerely,

Linda Candler

Leyla,

I am a resident of Westchester, a mom of three kids and a corporate lawyer for Google in Playa Vista here for 18 years and I am invested in this community.

I took my children to Westchester Park on Saturday and was sadly the ONLY parent there, alone with for two reasons--1) because this used to be a lively park, full of children and parents who have abandoned and 2) because at two different points during our visit homeless men wandered into the playground, me to reckon with --what should I do if there's an altercation? I can't abandon a baby and toddler and run ; us and I surely can't fight grown men who are clearly having some sort of mental or drug-induced issues talking to themselves and wandering around aimlessly).

I do not want to have to abandon Westchester park like everyone else--I want to be able to walk there. A recreational park, meant for children, should not be a place that we house men and women who clearly belong elsewhere. Please, find somewhere else. OR, at a minimum, have permanent security to protect children on the park. There has to be a solution. I will happily work with you or join any committee that you invite me to in or **please don't vote for Bonin's plan to allow the tents to remain in the ONLY park in Westchester.**

Best regards,  
Natalie LeVeck
