I also strongly support the BHA MOTION to Oppose Council File 21-0350 April 2021. It is absolutely not in the public interest to affect access of the 10,000,000 residents to beaches, public parks, street parking and other areas of common access.. To ensure that camping for the homeless population is permitted, it should be made available on Municipally-owned properties and not on and adjacent to public streets and sidewalks.

As a long time Venice resident I support the Brentwood homeowners association letter below and agree immediate solutions to an humanitarian crisis. My family has not visited the Boardwalk in over 3 months dying as are the street artists who make Venice Beach so famous. It is shocking to leave human beings leave residents in fear of their lives.

Best,
