Dear Mayor and Councilmembers:

I urge you to make every effort to clean up homeless encampments and enforce existing laws to protect the safety of neighborhoods around Los Angeles and the residents of those sites. Last Saturday as I went to pick up my grandson, I saw uneaten food scattered across the pavement and median. Squirrels were on the table eating the food. The benches and corners across the street are now piling up with debris and homeless are laying on the street semi-conscious.

Hello City Officials,

I am aware that this is an incredibly difficult situation, but, moving the issue to alternate locations is not the Solution or **Temporary** Solution.

Crime and Lawlessness must be stopped and drug addiction must be solved on the city level with funding from the city.

It is hard enough not to step on needles on concrete in certain areas, now imagine them buried in the sand or sitting in soft grass, making them much harder to avoid. This is a HORRIFIC thought and a guaranteed event.

I have lived in the Mar Vista area for 51 years and I have never been so ashamed of my area and surrounding areas.

Actions that have not been fully thought through, or rash and hurried decisions have time and time again hurt this area and it **MUST** stop.

Please Contact me if needed.

Thank you,

To my Councilman Mike Bonin and Mayor Garcetti, as well as all City Council Members:

I urge the Council to pursue plans for encampments along the lines proven successful in Santa Rosa for both the homeless and the surrounding communities.

This approach was well-described in the April 8th **Los Angeles Times** article, "*This neighborhood in Sonoma fought — then embraced — a tent city for homeless people*" (<https://www.latimes.com/california/story/2021-04-08/santa-rosa-neighborhood-went-from-fighting-to-embracing-tent-city-for-homeless>).

The approach allays community concerns by providing elements such as:

1. Neighbors were worried about crime and drug use, so the city deployed police officers and security guards for 24/7 patrols.
2. Neighbors worried about trash and disease; the city brought in hand-washing stations, showers and toilets.
3. [Neighbors worried about impact on quality of life in their area]; Catholic Charities enrolled dozens of camp residents in neighborhood beautification projects.

At the same time, it met needs of the homeless by:

1. Allowing communities that had formed among them to stay close together.
2. Bringing in healthcare, mental health, and other service providers to simplify assistance in getting off the streets.
3. Reducing stress and paranoia by providing physical security for their persons and belongings, thus reducing behavioral problems.

We need urgent action on this. There are tens of thousands of homeless. We cannot get them all off the streets merely by putting a few hundred a month in housing; we have to find an interim solution for the rest.

Please say "NO!" to this nonsense. It will not solve the problem WHILE at the same time ruining our precious local open spaces. We all are ready to do our part in helping the homeless - we are NOT "NIMBYs"! But this is just a token gesture that will just be a photo op for Mike Bonin's next campaign that will not help even a small fraction of our 60,000+ homeless. Until the city actually begins enforcing its laws against street camping, using the people's few open spaces to house the addicted and mentally ill (approx 80% of the homeless population) is a RIDICULOUS and OFFENSIVE idea.

Hello.

1. Encampments of any type even if tiny houses will bring tented homes and County property is open camping gratis of Keuhl's office.
2. Assuming these tiny house people are free to roam, they can easily make a mistake by jaywalking and be killed on PCH. After seeing a homicide in Brentwood at the encampment where a fellow tent mate ran over and killed another intentionally, it is unfortunate that this would be a set up for such activity not to mention fires that are now rampant.
3. The consideration that security will stop bad activity is witnessed as broken by the promise that a Venice Bridge house would be so well guarded you would not know it was even there, and is presently totally ringed by tents and violence and filth. And minimal services.
4. This might all sound too hypothetical to believe, but it has all happened elsewhere in the city and is not make believe.
5. There is only one ocean shared by every citizen in LA to escape city life. Keep it as such please.

Thank you for your attention.

Dear Ms. Campos -

I was born in California at St. John's Hospital Santa Monica and have been a Westside resident my entire life. I have never seen our community in such shambles. I realize it is a complicated situation, but we are counting on you to clean it up.

I and every neighbor I speak to is completely opposed to motion 21-0350. You need a better, more realistic plan. The homeless do NOT belong on or near our beaches, even temporarily.

The homeless encampment on the sidewalk on San Vicente north of Wilshire is awful. Please do something about it. We realize these people need help and are not insensitive to their plight, but they are not getting the help that they need there. The public sidewalk is not a place for camping or living. It is filthy, unsanitary and unsafe. There have been fires and homicides. Illegal and dangerous drug use happens here. It's a health and safety issue for everyone. Crime has gone up drastically in the area. The current situation is not fair to anyone. Certainly not to the hard-working people who live nearby nor to the numerous retail establishments along San Vicente, and not to the homeless who are living there in filth and not getting the proper services. Several years ago we voted and passed H and HHH which raised billions of dollars to address this issue. Where are those funds and how are they being used?

I urge you to take immediate action for the safety of encampment residents and the surrounding neighborhoods for the benefit of all. I support the following resolution put forth by the Brentwood Homeowners Association.

### BHA Homelessness Motions

A. Abate and Correct Unsafe and Unhealthy Conditions in Homeless Encampments The Brentwood Homeowners Association calls on the Los Angeles City Council and Mayor Eric Garcetti to immediately direct the Los Angeles City Bureau of Sanitation ("LA Sanitation") to undertake site clean-ups, trash collection, and sanitizing of all homeless encampments located in the neighborhoods on the Westside of Los Angeles, in order to abate, correct, and remove hazardous, unsafe, unhealthy, and unsanitary conditions, including without limitation all combustible materials such as propane tanks, at all homeless encampments forthwith.

Dear Mayor and Councilmembers,

I urge you to make every effort to clean up homeless encampments and enforce existing laws to protect the safety of neighborhoods around Los Angeles and the residents of those sites.

My family and I currently cannot safely walk around our neighborhood in Venice-- at any time of day --and I feel like I am taking a risk walking my daughter to school in the morning. Enough is enough. We need to help those in need and help residents feel safe in their community.

I agree with the following:

### **A. Abate and Correct Unsafe and Unhealthy Conditions in Homeless Encampments**

That the Los Angeles City Council and Mayor Eric Garcetti to immediately direct the Los Angeles City Bureau of Sanitation ("LA Sanitation") to undertake site clean-ups, trash collection, and sanitizing of all homeless encampments located in the neighborhoods on the Westside of Los Angeles, in order to abate, correct, and remove hazardous, unsafe, unhealthy, and unsanitary conditions, including without limitation all combustible materials such as propane tanks, at all homeless encampments forthwith.

### **C. Enforce Laws Prohibiting Blockage of Public Right of Way**

### **D. Increase Funding to Support Additional Safe Parking Programs**

That additional funding and resources, from all available sources, be allocated to implement more Safe Parking Programs and to support existing, reputable safe parking programs, including those operated by organizations such as Safe Parking LA, throughout the Westside of Los Angeles.

Sincerely,

Please do not support Bonin's proposal. He is in over his head and his political future on very shaky ground. He has no concise vision and the Venice Bridge Housing project a dismal failure resulting in an 88% increase in crime in the area in one year.

Dear Mayor and Councilmembers:

I urge you to make every effort to clean up homeless encampments and enforce existing laws to protect the safety of neighborhoods around Los Angeles and the residents of those sites, especially in Venice. I have 3 encampments surrounding the streets to my apartment. I moved to this location to be able to safely walk to everything I need, and I no longer safely can. I work very hard and pay a high amount for rent to live near the beach, and its been ruined and i fear for my safety every time i walk anywhere through an encampment and no longer walk at night. I receive parking tickets for forgetting to move my car for street cleaning since i am working from home during a pandemic, yet there are 10 RV's that are trashing our sidewalks with debris, glass and feces that havent moved in over a year, yet they don't receive tickets or towing like us tax paying residents do. Its a double standard.

I agree with the following:

**A. Abate and Correct Unsafe and Unhealthy Conditions in Homeless Encampments**

Dear Mayor and Councilmembers,

Our tiny 3.1 square mile neighborhood is the CD-11 epicenter of a catastrophic humanitarian emergency and is the containment zone for our district. For almost a year, the Venice community has pleaded with city and county elected and appointed leaders to triage, provide mental health and addiction services, and house the thousands of homeless individuals living on the beaches, streets, alleys and boardwalk park.

We have been disgracefully ignored. Abhorrent conditions here pre-Covid have been allowed to deteriorate to an utter state of lawlessness in which fires, violent crime, theft and filth threaten the physical and mental well being of all residents and visitors. This total societal collapse could have been prevented if the city had listened to constituents.

I urge you to make every effort to clean up homeless encampments and enforce existing laws to protect the safety of neighborhoods around Los Angeles and the residents of those sites. I agree with the following:

I acknowledge the severity and urgency of the homeless problem in Los Angeles. However there are also millions more low income and middles class families barely holding on. These families are working two jobs, often at or below minimum wage and they do not have the funds to take "vacations", nor have boats in the harbors to avoid heatwaves, nor have many places to spend valuable, low cost time together — where do they go? To our public beaches and state parks. I am extremely concerned by this idea of of Mr Bonin's which may exacerbate the issues of low income families already on the edge or in crisis but not yet homeless.

I cannot see the rationale of turning already PACKED lots at the beach — be it Will Rogers, Dockweiler or the other beaches mentioned in Mr Bonin's Motion #21-035 — into shelters. These and other beaches that are used DAILY by families with young children cannot safely accommodate a site for "safe camping" and "tiny homes" much less share public access & facilities with the many homeless who are mentally ill, often have drug paraphernalia and are often abusive to strangers. And, has anyone also considered, that for example, Will Rogers is the evacuation site for Eastern Malibu and the Palisades in the event of wildfires? I am in disbelief that anyone thinks this is a good idea.

I acknowledge that we must work hard to find solutions for the homeless epidemic but I feel this solution is a recipe for disaster, not only for public safety of our lower income families but also traffic safety concerns but also for the safety of ALL the public, particularly children.

Thank you for listening.
