**Comments for Public Posting:** Dear PLUM committee, Mr. Krekorian, et al., I am writing in support of preserving Studio City Golf and Tennis. It is a beautiful open green space in a city that desperately needs that. I am urging Mr. Krekorian to vote YES to granting Studio City Golf and Tennis its deserved status as a historical and cultural heritage treasure. It's an excellent example of a 1950's recreation facility that is used and enjoyed by the general public. It also "embodies the distinctive characteristics of a style, type, period, or method of construction". It's an excellent example of a 1950's community golf course. It seems the rich, powerful, and connected call all the shots. Why not do something good for people who live in Studio City, rather than cow-tow to the moneyed interests? Many the constituents from Harvard-Westlake are not local residents. You need to protect this area for those of us who live here.....and who VOTE. And voters remember.
