Council File No: 21-0137

Comments for Public Posting: The Neutra Institute for Survival Through Design has the mission to preserve and use the Neutra legacy to promote creative research and design that benefits people and the planet. Obtaining Historic Cultural Monument status for the Dion Neutra Reunion House with its apartment unit is part of our mission. It exemplifies multi-generational and efficient use of space. It is part of the Neutra colony and is near the historic Neutra VDL Studio and Residences and Historic Neutra Office Building. Of course we support this designation Raymond Richard Neutra MD, President, Neutra Institute for Survival Through Design
