DISCUSSION:

The tentative map of Tract No. 70117 was conditionally approved by the Advisory Agency on April 15, 2008 for a new maximum 12-unit residential condominium. Later, the Advisory Agency approved Modification on March 25, 2016.

The Deputy Advisory Agency certifies the Mitigated Negative Declaration No. ENV-2008-54-MND. The Advisory Agency has determined that this project would not have a significant effect on the environment provided that the potential impacts are mitigated to a less than significant level.

The conditions of approval for the tract map have been fulfilled including payment of the Recreation and Parks Fee. Transmitted Subdivision Improvement Agreement and Contract with attached security documents guarantees construction of the required improvements. Upon approval by the Council, the final map will be transmitted to the County Engineer for filing with the County Recorder.
