

CPC-2019-7393-CA

EXHIBIT D – MELLO ACT GOVERNMENT CODE SECTION

GOVERNMENT CODE - GOV

TITLE 7. PLANNING AND LAND USE [65000 - 66499.58]

(Heading of Title 7 amended by Stats. 1974, Ch. 1536.)

DIVISION 1. PLANNING AND ZONING [65000 - 66301]

(Heading of Division 1 added by Stats. 1974, Ch. 1536.)

CHAPTER 3. Local Planning [65100 - 65763]

(Chapter 3 repealed and added by Stats. 1965, Ch. 1880.)

ARTICLE 10.7. Low- and Moderate-Income Housing Within the Coastal Zone [65590 - 65590.1]

(Heading of Article 10.7 added by Stats. 1982, Ch. 43, Sec. 2.)

65590.

(a) In addition to the requirements of Article 10.6 (commencing with Section 65580), the provisions and requirements of this section shall apply within the coastal zone as defined and delineated in Division 20 (commencing with Section 30000) of the Public Resources Code. Each respective local government shall comply with the requirements of this section in that portion of its jurisdiction which is located within the coastal zone.

(b) The conversion or demolition of existing residential dwelling units occupied by persons and families of low or moderate income, as defined in Section 50093 of the Health and Safety Code, shall not be authorized unless provision has been made for the replacement of those dwelling units with units for persons and families of low or moderate income. Replacement dwelling units shall be located within the same city or county as the dwelling units proposed to be converted or demolished. The replacement dwelling units shall be located on the site of the converted or demolished structure or elsewhere within the coastal zone if feasible, or, if location on the site or elsewhere within the coastal zone is not feasible, they shall be located within three miles of the coastal zone. The replacement dwelling units shall be provided and available for use within three years from the date upon which work commenced on the conversion or demolition of the residential dwelling unit. In the event that an existing residential dwelling unit is occupied by more than one person or family, the provisions of this subdivision shall apply if at least one such person or family, excluding any dependents thereof, is of low or moderate income.

For purposes of this subdivision, a residential dwelling unit shall be deemed occupied by a person or family of low or moderate income if the person or family was evicted from that dwelling unit within one year prior to the filing of an application to convert or demolish the unit and if the eviction was for the purpose of avoiding the requirements of this subdivision. If a substantial number of persons or families of low or moderate income were evicted from a single residential development within one year prior to the filing of an application to convert or demolish that structure, the evictions shall be presumed to have been for the purpose of avoiding the requirements of this subdivision and the applicant for the conversion or demolition shall bear the burden of proving that the evictions were not for the purpose of avoiding the requirements of this subdivision.

The requirements of this subdivision for replacement dwelling units shall not apply to the following types of conversion or demolition unless the local government determines that replacement of all or any portion of the converted or demolished dwelling units is feasible, in which event replacement dwelling units shall be required:

(1) The conversion or demolition of a residential structure which contains less than three dwelling units, or, in the event that a proposed conversion or demolition involves more than one residential structure, the conversion or demolition of 10 or fewer dwelling units.

(2) The conversion or demolition of a residential structure for purposes of a nonresidential use which is either "coastal dependent," as defined in Section 30101 of the Public Resources Code, or "coastal related," as defined in Section 30101.3 of the Public Resources Code. However, the coastal-dependent or coastal-related use shall be consistent with the provisions of the land use plan portion of the local government's local coastal program which has been certified as provided in Section 30512 of the Public Resources Code. Examples of coastal-dependent or coastal-related uses include, but are not limited to, visitor-serving commercial or recreational facilities, coastal-dependent industry, or boating or harbor facilities.

(3) The conversion or demolition of a residential structure located within the jurisdiction of a local government which has within the area encompassing the coastal zone, and three miles inland therefrom, less than 50 acres, in aggregate, of land which is vacant, privately owned and available for residential use.

(4) The conversion or demolition of a residential structure located within the jurisdiction of a local government which has established a procedure under which an applicant for conversion or demolition will pay an in-lieu fee into a program, the various provisions of which, in aggregate, will result in the replacement of the number of dwelling units which would otherwise have been required by this subdivision. As otherwise required by this subdivision, the replacement units shall, (i) be located within the coastal zone if feasible, or, if location within the coastal zone is not feasible, shall be located within three miles of the coastal zone, and (ii) shall be provided and available for use within three years from the date upon which work commenced on the conversion or demolition.

The requirements of this subdivision for replacement dwelling units shall not apply to the demolition of any residential structure which has been declared to be a public nuisance under the provisions of Division 13 (commencing with Section 17000) of the Health and Safety Code, or any local ordinance enacted pursuant to those provisions.

For purposes of this subdivision, no building, which conforms to the standards which were applicable at the time the building was constructed and which does not constitute a substandard building, as provided in Section 17920.3 of the Health and Safety Code, shall be deemed to be a public nuisance solely because the building does not conform to one or more of the current provisions of the Uniform Building Code as adopted within the jurisdiction for new construction.

(c) The conversion or demolition of any residential structure for purposes of a nonresidential use which is not "coastal dependent", as defined in Section 30101 of the Public Resources Code, shall not be authorized unless the local government has first determined that a residential use is no longer feasible in that location. If a local government makes this determination and authorizes the conversion or demolition of the residential structure, it shall require replacement of any dwelling units occupied by persons and families of low or moderate income pursuant to the applicable provisions of subdivision (b).

(d) New housing developments constructed within the coastal zone shall, where feasible, provide housing units for persons and families of low or moderate income, as defined in Section 50093 of the Health and Safety Code. Where it is not feasible to provide these housing units in a proposed new housing development, the local government shall require the developer to provide such housing, if feasible to do so, at another location within the same city or county, either within the coastal zone or within three miles thereof. In order to assist in providing new housing units, each local government shall offer density bonuses or other incentives, including, but not limited to,

modification of zoning and subdivision requirements, accelerated processing of required applications, and the waiver of appropriate fees.

(e) Any determination of the “feasibility” of an action required to be taken by this section shall be reviewable pursuant to the provisions of Section 1094.5 of the Code of Civil Procedure.

(f) The housing provisions of any local coastal program prepared and certified pursuant to Division 20 (commencing with Section 30000) of the Public Resources Code prior to January 1, 1982, shall be deemed to satisfy all of the requirements of this section. Any change or alteration in those housing provisions made on or after January 1, 1982, shall be subject to all of the requirements of this section.

(g) As used in this section:

(1) “Conversion” means a change of a residential dwelling, including a mobilehome, as defined in Section 18008 of the Health and Safety Code, or a mobilehome lot in a mobilehome park, as defined in Section 18214 of the Health and Safety Code, or a residential hotel as defined in paragraph (1) of subdivision (b) of Section 50519 of the Health and Safety Code, to a condominium, cooperative, or similar form of ownership; or a change of a residential dwelling, including a mobilehome, or a mobilehome lot in a mobilehome park, or a residential hotel to a nonresidential use.

(2) “Demolition” means the demolition of a residential dwelling, including a mobilehome, as defined in Section 18008 of the Health and Safety Code, or a mobilehome lot in a mobilehome park, as defined in Section 18214 of the Health and Safety Code, or a residential hotel, as defined in paragraph (1) of subdivision (b) of Section 50519 of the Health and Safety Code, which has not been declared to be a public nuisance under Division 13 (commencing with Section 17000) of the Health and Safety Code or any local ordinance enacted pursuant to those provisions.

(3) “Feasible” means capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic, environmental, social, and technical factors.

(h) With respect to the requirements of Sections 65583 and 65584, compliance with the requirements of this section is not intended and shall not be construed as any of the following:

(1) A statutory interpretation or determination of the local government actions which may be necessary to comply with the requirements of those sections; except that compliance with this section shall be deemed to satisfy the requirements of paragraph (2) of subdivision (c) of Section 65583 for that portion of a local government’s jurisdiction which is located within the coastal zone.

(2) A limitation on the program components which may be included in a housing element, or a requirement that a housing element be amended in order to incorporate within it any specific provision of this section or related policies. Any revision of a housing element pursuant to Section 65588 shall, however, take into account any low- or moderate-income housing which has been provided or required pursuant to this section.

(3) Except as otherwise specifically required by this section, a requirement that a local government adopt individual ordinances or programs in order to implement the requirements of this section.

(i) No provision of this section shall be construed as increasing or decreasing the authority of a local government to enact ordinances or to take any other action to ensure the continued affordability of housing.

(j) Local governments may impose fees upon persons subject to the provisions of this section to offset administrative costs incurred in order to comply with the requirements of this section.

(k) This section establishes minimum requirements for housing within the coastal zone for persons and families of low or moderate income. It is not intended and shall not be construed as a limitation or constraint on the authority or ability of a local government, as may otherwise be provided by law, to require or provide low- or moderate-income housing within the coastal zone which is in addition to the requirements of this section.

(Amended by Stats. 1982, Ch. 1246, Sec. 1.)

65590.1.

Any local government which receives an application as provided in Section 30600.1 of the Public Resources Code to apply the requirements of Section 65590 to a proposed development shall apply these requirements within 90 days from the date on which it has received that application and accepted it as complete. In the event that the local government has granted final discretionary approval to the proposed development, or has determined that no such approval was required, prior to receiving the application, it shall, nonetheless, apply the requirements and is hereby authorized to conduct proceedings as may be necessary or convenient for the sole purpose of doing so.

(Added by Stats. 1982, Ch. 43, Sec. 3.5. Effective February 17, 1982.)
