**Name:** Pacific Palisades Community Council

**Date Submitted:** 06/18/2021 05:28 AM

**Council File No:** 21-0350

**Comments for Public Posting:** Pacific Palisades Community Council (PPCC) submits the attached Supplemental Letter to the City Administrative Officer, dated 6/17/21, in connection with his evaluation of the Will Rogers State Beach parking lot for homeless housing. As demonstrated in this letter and in our letter of 6/20/21, this proposed use is unsafe, dangerous and infeasible; PPCC strongly opposes the use of the Will Rogers State Beach parking lot for homeless housing. Re: Council File 21-0350: CAO Feasibility Study – Use of Will Rogers State Beach Parking Lot for Homeless Housing / Factors Demonstrating Infeasibility

Dear Mr. Llewellyn and Mr. Szabo:

Pacific Palisades Community Council (PPCC) brings to your attention the following news video, which aired on KCAL 9 at 9pm and 10pm and on CBS 2 at 11pm on Tuesday evening, June 16, 2021:

<https://losangeles.cbslocal.com/video/5693996-homeless-couple-believed-responsible-for-dangerous-fire-ignited-in-the-center-of-palisades-bowl-mobile-home-park/>

This reports on a dangerous fire at the Palisades Bowl mobile homes complex, which sits across PCH from the Will Rogers State Beach (WRSB) parking lot. The residents believe that a couple experiencing homelessness walked into the complex and deliberately started the fire. As we noted in our letter of June 10, 2021,<sup>1</sup> the entrance to Palisades Bowl is easily accessed from PCH; with good reason, residents of that complex are very concerned about their safety.

As we also noted in our June 10<sup>th</sup> letter, the Palisades area currently experiences fires caused by homeless individuals on the beach and in our nearby bluffs. Whether on the beach, in bluffs or in the Palisades Bowl, these fires are extremely dangerous. As LAFD can attest,<sup>2</sup> fires can easily cause embers to fly into surrounding brush areas and threaten the entire community – *including the many homeless individuals who camp in the bluffs and are hidden in the brush*. Such fires can even spread into the wider region, as we have seen with the recent Palisades Fire. That is the reason why, as explained in our June 10<sup>th</sup> letter, the multi-jurisdictional encampment task force initiative took place on June 1 in Pacific Palisades, using the WRSB parking lot for their command post.

**The risk to public safety caused by the proposal to place homeless housing at the WRSB parking lot is completely unacceptable.** Under no circumstances should homeless housing be sanctioned for any location in the Very High Fire Hazard Severity Zone.
