Summary: The Hermon Neighborhood Council expresses our support for this Motion (21-0052), which calls for the creation of “25,000 new units by 2025, regardless of the type of unit”—if amended to specify that all 25,000 units will be geared toward those experiencing homelessness or at risk of homelessness. The needed units include temporary housing, transitional housing, rapid rehousing, and permanent supportive housing, not market-rate apartments, luxury housing, or any other housing not expressly aimed at preventing and eliminating homelessness. Furthermore, we agree with the Atwater, Greater Cypress Park, and Historic Highland Park Neighborhood Councils that this Motion must be followed by a tangible plan to finance, approve, build, and staff these facilities quickly, as well as increase the quantity and quality of outreach to build trust with our unhoused neighbors so they are prepared to move indoors when these units are built.
