Comments for Public Posting: Wow....I don't know where to even begin with this....so you are telling me that "systemic racism" is how we had Mayor Tom Bradley? Yvonne Brathwaite Burke must have not worked hard for what she attained? And architect Paul Williams? It must have been systemic racism that has allowed so many African American youth to get FREE college through athletic scholarships. I'm sure Herb Wesson is happy to know that he did not attain his position(s) with the City of Los Angeles by his hard work. It is this kind of rhetoric that is racist; saying that the only way ANYONE other than a white person can achieve their dreams and goals is by LOWERING THE BAR. That hard work ethic has nothing to do with it. Really? Blaming this generation for slavery is like blaming ALL Japanese people for Pearl Harbor. MY family NEVER owned slaves. Ever. Are we going to make sure to go after Kamala Harris's family because THEY DID own slaves? Enough with this anti-American Racist nonsense. Stop creating and perpetuating a class of victims. The ONLY thing you should be concentrating on is the Education Inequality that DOES exist. Give ALL people School Choice so that the family in South Los Angeles can get the same education for their family as our Mayor does. There is your inequality.
