Comments for Public Posting: Marhc 2, 2021 Item 10 I am writing to the city council today to vehemently oppose the proposed 30% increase in size of LAPD planned for the 2028 Olympic games. This is a terrible idea that is going to cause so much harm in our community and is an incredible waste of money. The incredible protests last Spring and the continued organizing and support for defunding the police shows the will of the people in this city. We will not abide city council members saying they support Black lives mattering while turning around and voting for more funding to the corrupt and murderous LAPD. Item 34 I want to remind the Council that this money was intended to help Black Angelenos, that it came out of the demands of Black Lives Matter-Los Angeles and the protests all last year. It's not intended to be a city council district slush fund. It must be used to fund Black organizations.
