**Comments for Public Posting:** I could go on and on about the uptick in crime in Westchester since the homeless have been allowed to start camping in our park, but the bigger point I want to make to the ENTIRE COUNCIL is that Venice is in CRISIS. It is and will continue to greatly impact tourism and filming in LA. And now Councilman Bonin wants to expand the problem to Venice's neighboring communities. We need a bigger vision for our homeless issues and we need it yesterday. Motels and parks are little vision solutions that will leave us chasing our tail forever. As we get ready to welcome the world for Super Bowl 2022 and the next Olympics, the time is NOW to bring a BIG solution for this issue. We have a unique opportunity with federal money and we can't spread out the problem across a bunch of little sites across the city. Who is going to step up and be the leader and visionary we need? Please start by opposing Motion 21-0350.
