Mr. Armando Bencomo,

To the Members of the PLUM Committee:

The proposed ordinance (CF 17-0893) regarding temporary signs is wrong on its face and needs to be rewritten. Temporary signs are intended to be temporary, but many businesses such as gas stations and car washes have them as permanent fixtures. We need a ban on such "temporary" signs surrounding functioning businesses. They are a blight to our community!

The ordinance has been abused for years because of weak enforcement. Companies routinely violate the ordinance and accept the light penalties as a cost of continuation. The fines for non-compliance need to be at least doubled. Why sacrifice this community of many for the few to gain more? Encourage those few blighters to go elsewhere by putting some muscle in the law--and the penalties will do that.

Internally illuminated "temporary" signs are starting to appear. This completely violates the spirit of the law, making these allegedly temporary signs resemble digital billboards. Allowing these will make the 2002 Sign Ban moot. Is that what you all really want?

We would prefer, for safety, that each temporary wall have grated windows every hundred feet, to render visible what is taking place at the lot. This aids accountability and compliance. That we must have, wouldn't you agree?

The status quo regarding temporary wall signs is unacceptable, but the proposed legislation will not fix it. We need an ordinance that will tidy up our streets and ensure compliance. That is your job and your responsibility to those of us who elected you.

Thank you for your attention to this matter.

Sincerely,

Sigrid Ramos
