**SOLICITATION NAME:** Program to Prepare Communities for

Complex Coordinated Terrorist Attacks

(CCTA)

**SOLICITATION YEAR:** 2016

**SOLICITATION DESCRIPTION:** Preparedness is the shared responsibility

Massachusetts, Nairobi, Kenya, San Bernardino, California, Paris, France, and Brussels, Belgium, highlight the emergence of a more recent threat known as complex coordinated terrorist attacks. Complex coordinated terrorist attacks are acts of terrorism that: involve synchronized and independent team(s) at multiple locations sequentially or in close succession, initiated with little or no warning, and employing one or more weapon systems: firearms, explosives, fire as a weapon, and other nontraditional attack methodologies which are intended to result in large numbers of casualties. These attacks represent an evolving and dynamic terrorist threat, shifting from symbolic, highly planned and structured Al Qaeda-style attacks (terrorist-directed) focused on highvisibility targets to threats that are more diffuse, difficult to detect, and less costly to implement (terrorist-inspired). The emergence of these types of threats represent a need for communities to work towards strengthening their capabilities in order to prepare for, prevent, and respond to a complex, coordinated Program to Prepare Communities for Complex Coordinated Terrorist Attacks provides funding to local, state, tribal, and territorial jurisdictions of different types, sizes, and capabilities to improve their ability to prepare for, prevent, and respond to complex coordinated terrorist attacks in collaboration with the whole community. The whole community approach should aim to include individuals and communities. the private and nonprofit sectors, faithbased organizations, and all levels of government (local, regional\\\\\\\\\\\ \\\\\\\\\metropolitan, state, tribal, territorial, insular area, and Federal). The Program also focuses on developing regional partnerships intended to strengthen the applicant¿s capacity for building and sustaining capabilities specific to identifying gaps, planning, training, and exercising associated with preparing for, preventing, and responding to a complex coordinated terrorist attack.
